With EmbedPress, you can add Bambuser videos to WordPress, using just the URL.

Bambuser is an enormously popular service for hosting live streaming videos.

Bambuser video embeds are possible, but they’re not easy to use via normal methods. EmbedPress is different. With EmbedPress, you don’t have to mess around with embed code. All you need is the Bambuser video URL.

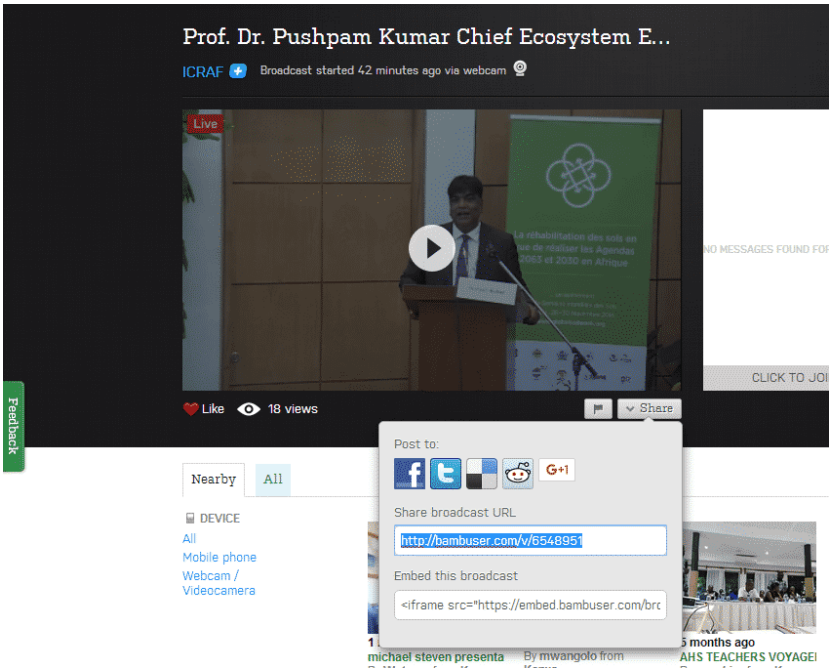

Here’s how to embed any Bambuser video into your WordPress site, using the EmbedPress plugin.

Step #1. Install the EmbedPress plugin

EmbedPress is a very helpful plugin that expands and improves on WordPress’ capabilities. Install EmbedPress and your WordPress site will become far more powerful. Click here to find EmbedPress on WordPress.org.

Step #2. Set up your Bambuser video

- Go to Bambuser.com and either login and create an account.
- Search for your video or click "Discover".
- On the video page, click the "Share" button at bottom of video to get the video's URL.

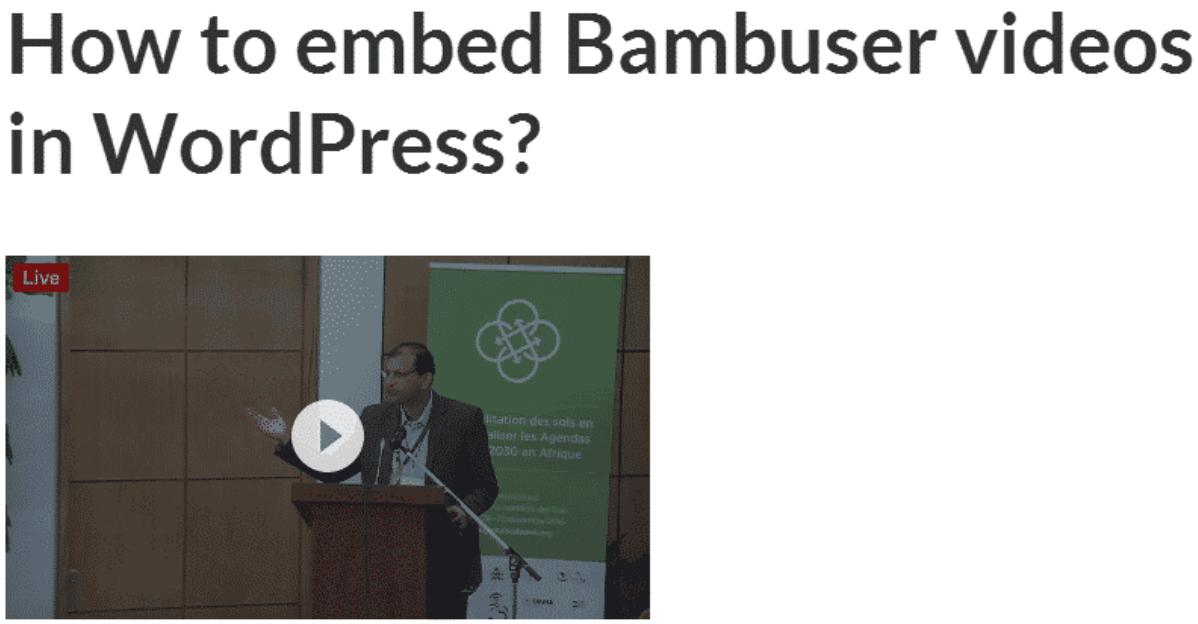

Step #3. Publish your Bambuser WordPress embed

Now you have the Bambuser video URL, you can add it to WordPress.

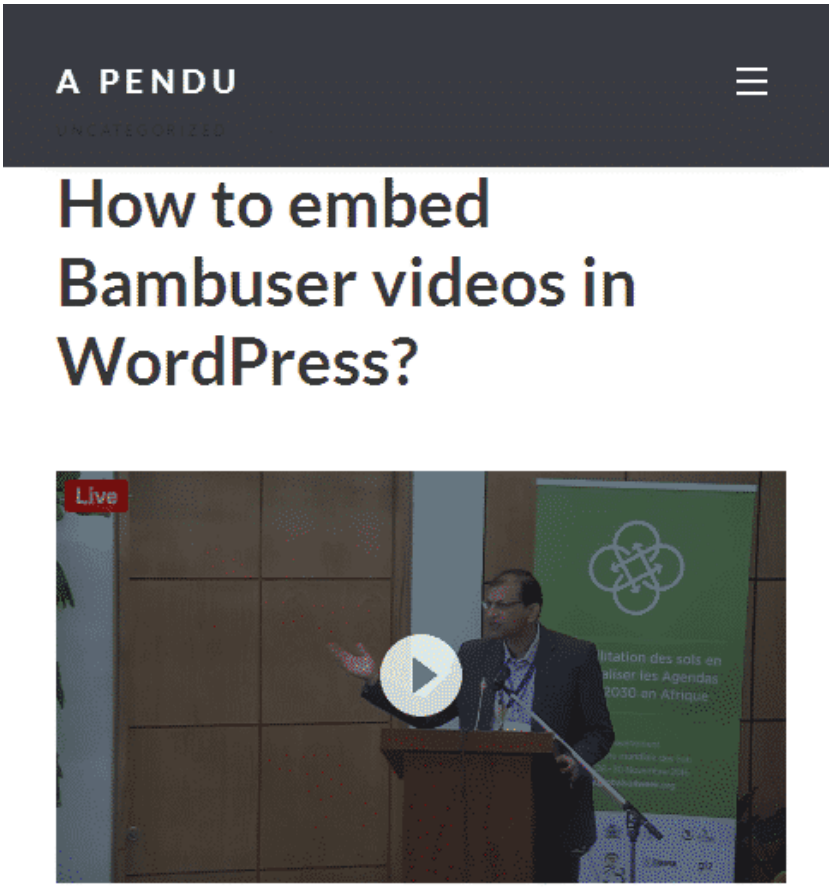

- Go to your WordPress site.
- Edit a post or page.
- Add your Bambuser video URL into the content area, with the “Visual” tab enabled.
- You will see a purple background with a “Loading your embed …” message.
