How To Embed Facebook Live Videos With EmbedPress?

Embed Sources · https://embedpress.com/docs/embed-facebook-live-videos/

With **EmbedPress,** you can now easily embed **Facebook Live** videos which allows you to engage with your audience in real-time. In this step-by-step guide, we will learn how to Embed Facebook Live videos without a single line of code.

How To Collect Facebook Live Video URLs?

First, go to the **Facebook website**, and go for the live video you want to embed. Click on the triple dot icon in the upper right corner of the live video and copy the link for embedding.

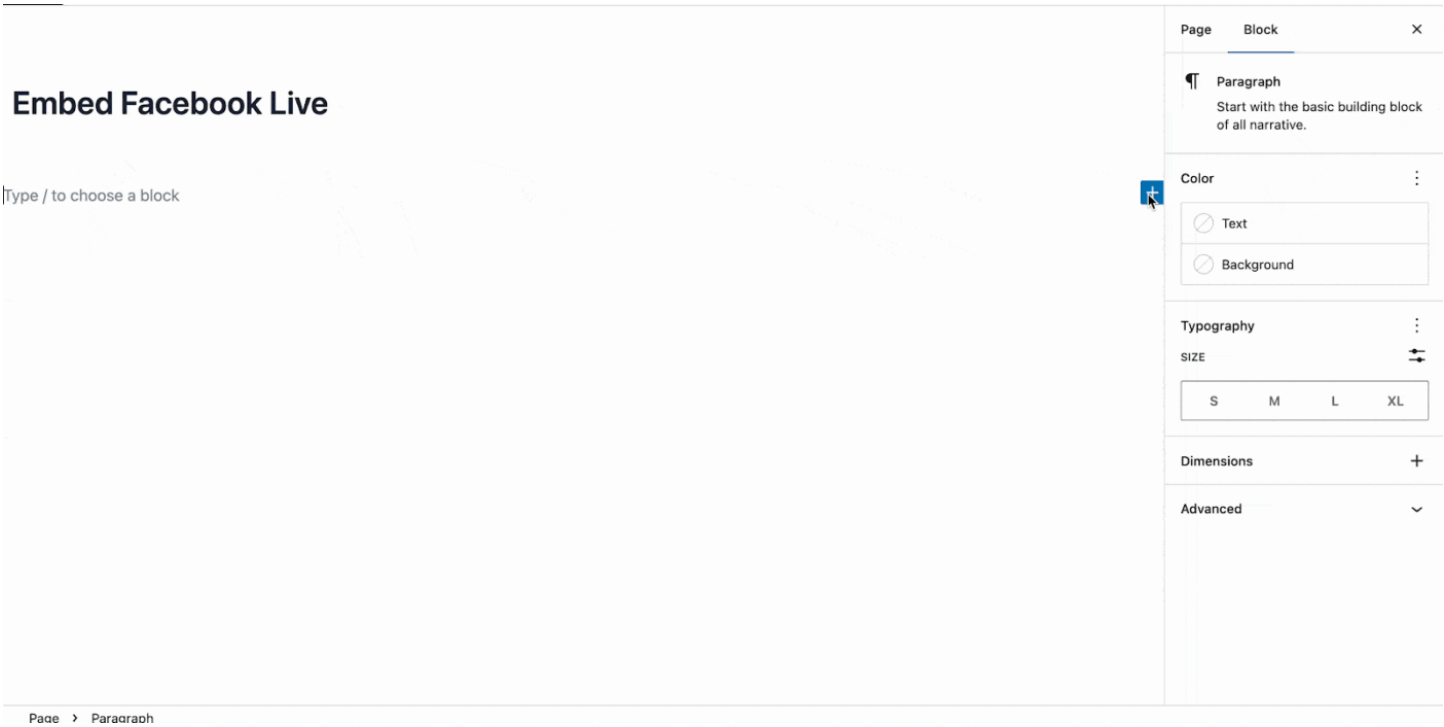

How To Embed Facebook Live Videos In Gutenberg?

You can embed Facebook Live videos in Gutenberg with EmbedPress. Follow the step-by-step guide below to learn how to easily embed the videos with ease.

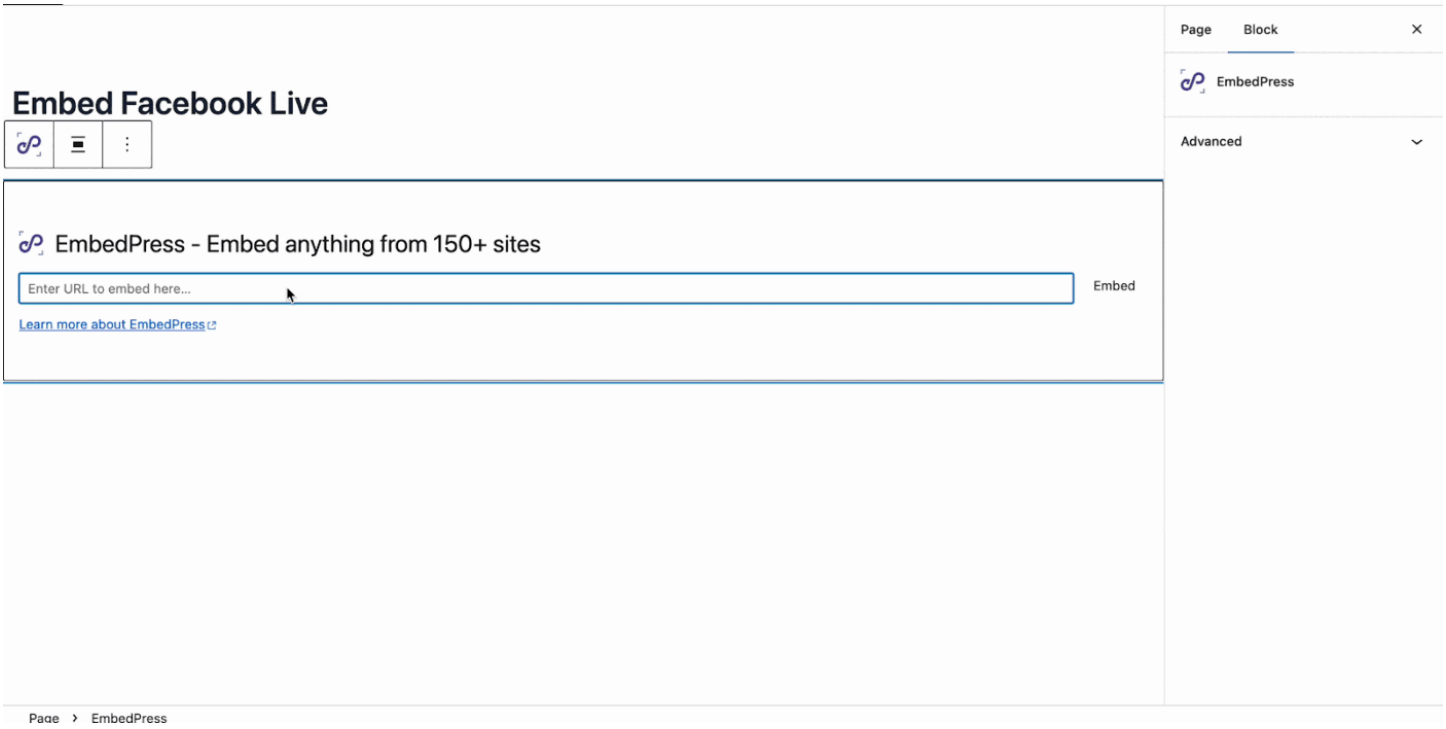

Step 1: Add EmbedPress Block In Gutenberg

First, open a page in Gutenberg. Click on the **‘+’** icon and search EmbedPress in the search bar. Click on the **‘EmbedPress’** block and it will be added to your page.

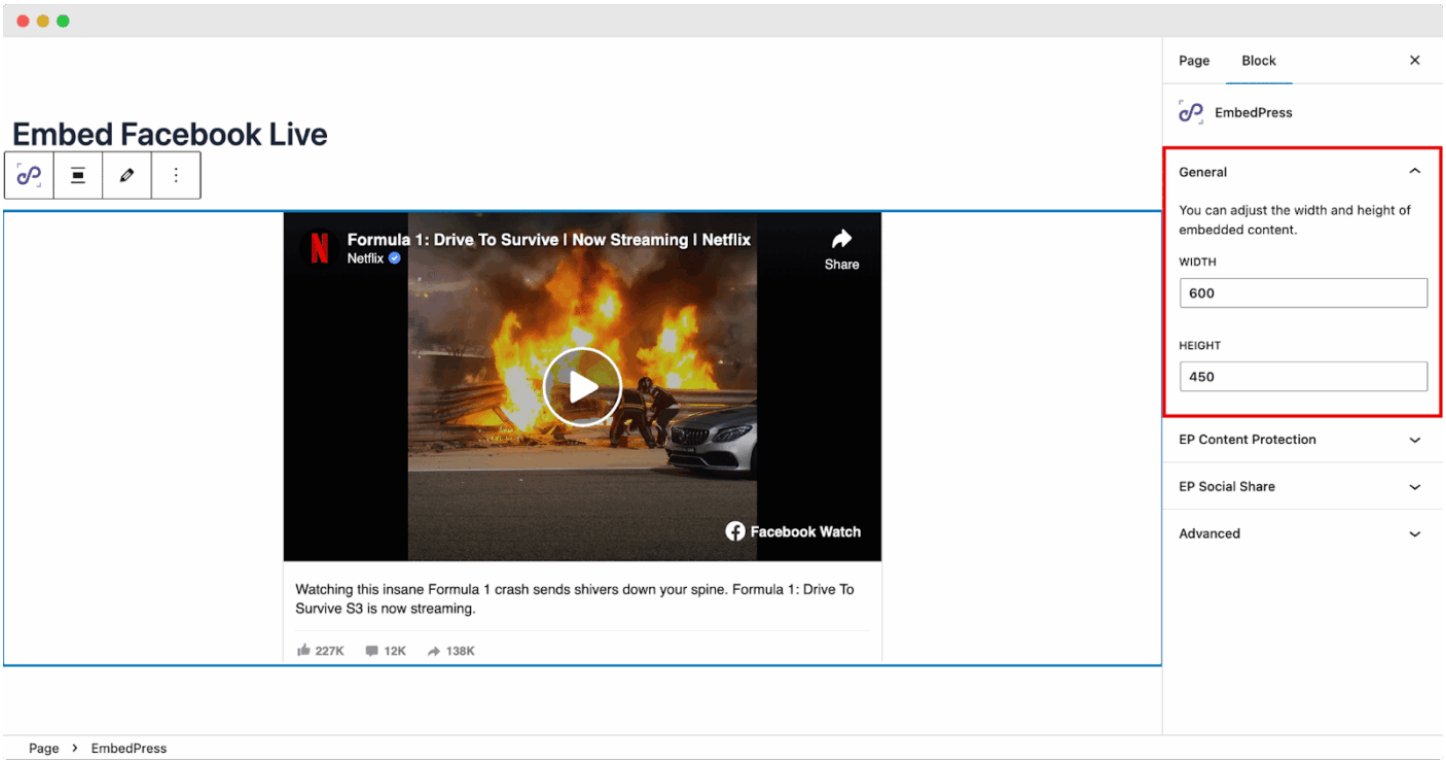

Step 2: Paste The Copied URL Of The Live Video

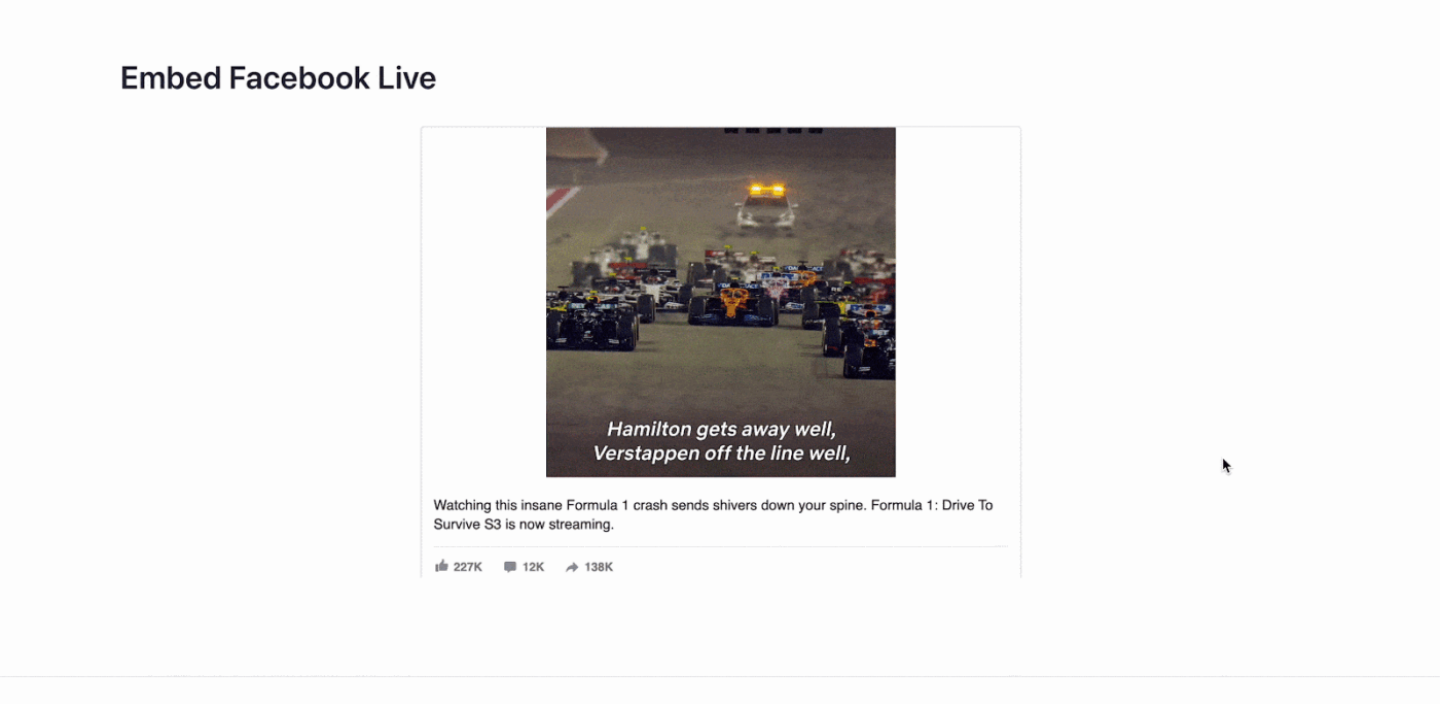

Now, paste the URL you copied in the **‘Enter URL’** field. Just hit the **‘Embed’** button and the video will be instantly embedded on your website.

Once you’re done with embedding, you can change the **‘Height & Width’** of the embedded video if needed.

After your customizations, your embedded Facebook Live video will look like the following.

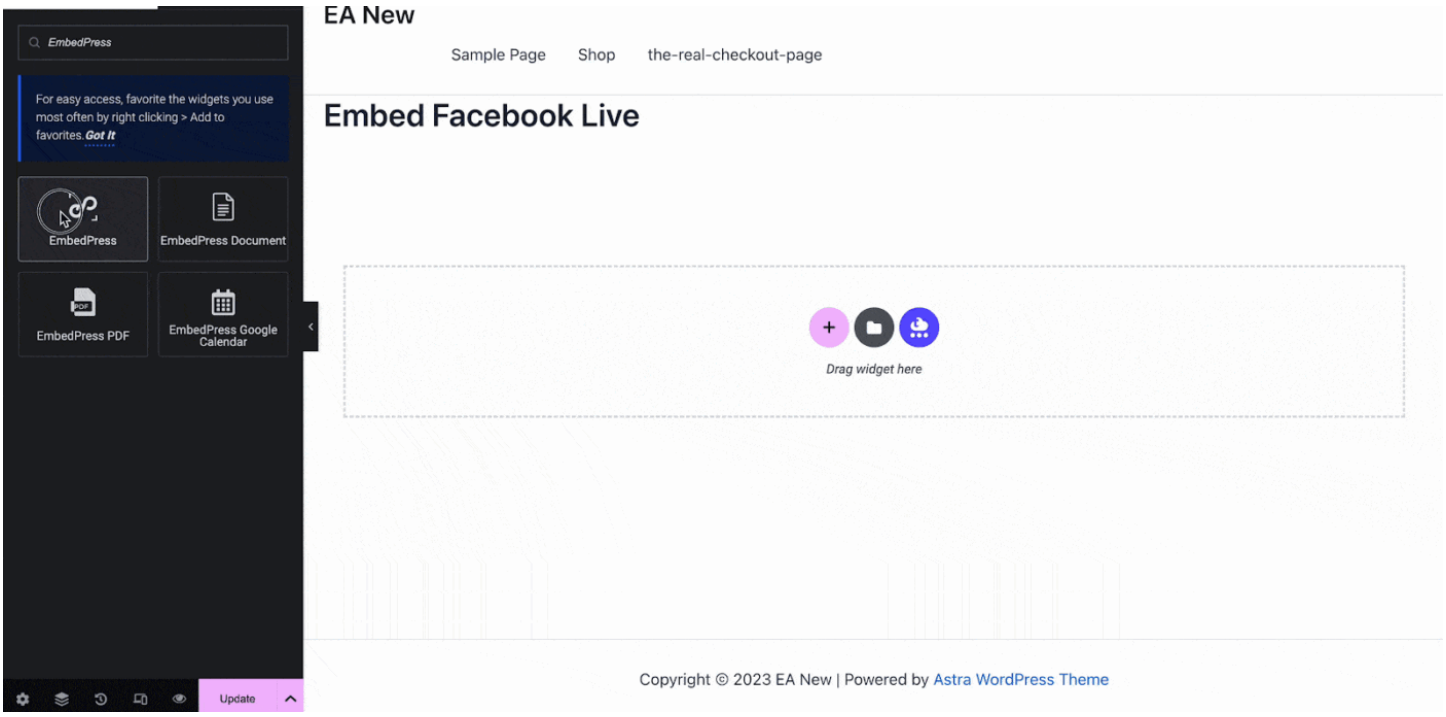

How To Embed Facebook Live Videos In Elementor?

If you are an **Elementor** user, you can use EmbedPress to easily embed Facebook Videos with a simple drag-and-drop process. All you need to do is follow the simple steps.

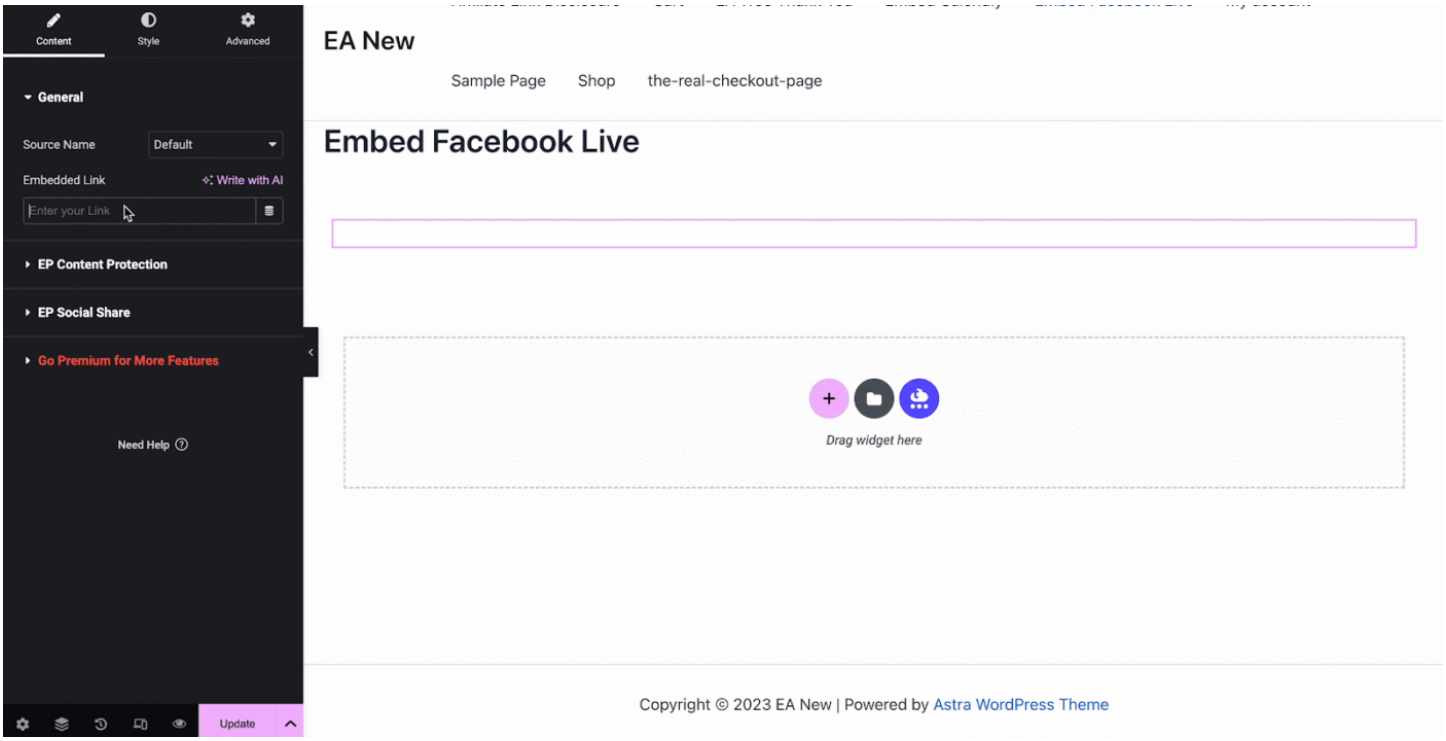

Step 1: Open A Page In Elementor

Open the page where you want to embed Facebook Live videos in Elementor. Search EmbedPress in the Elementor search panel. Simply drag & drop the widget where you want to embed the video.

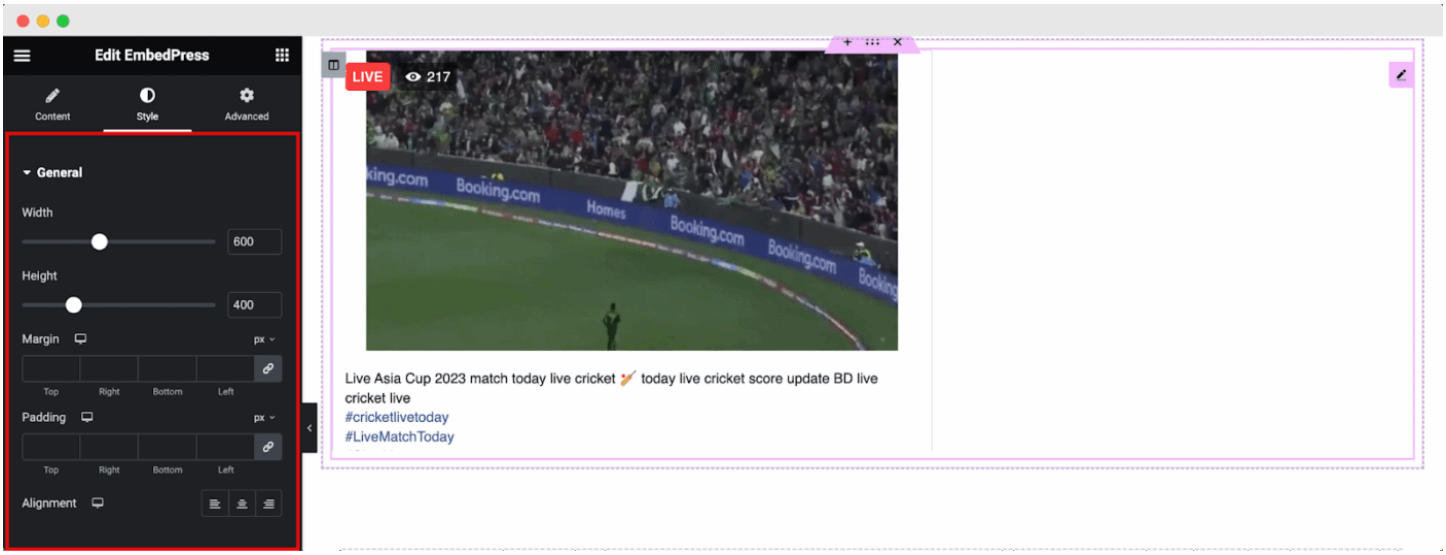

Step 2: Paste The Video URL

Now paste the URL you copied in the **‘Embedded Link’** field, and the live video will be instantly added to your page.

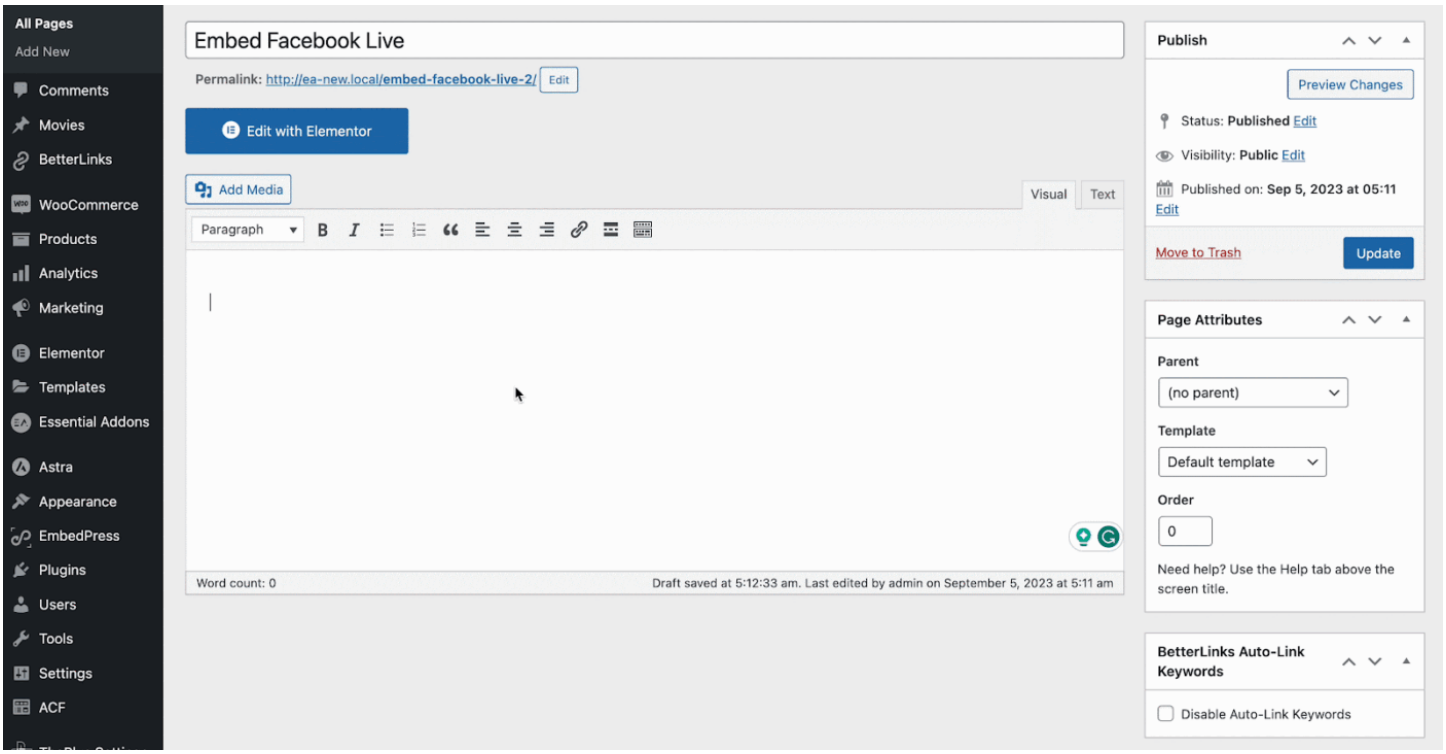

From the **Style** tab customize the **Width**, **Height**, **Margin**, **Padding** & much more of your embedded Facebook Live video.

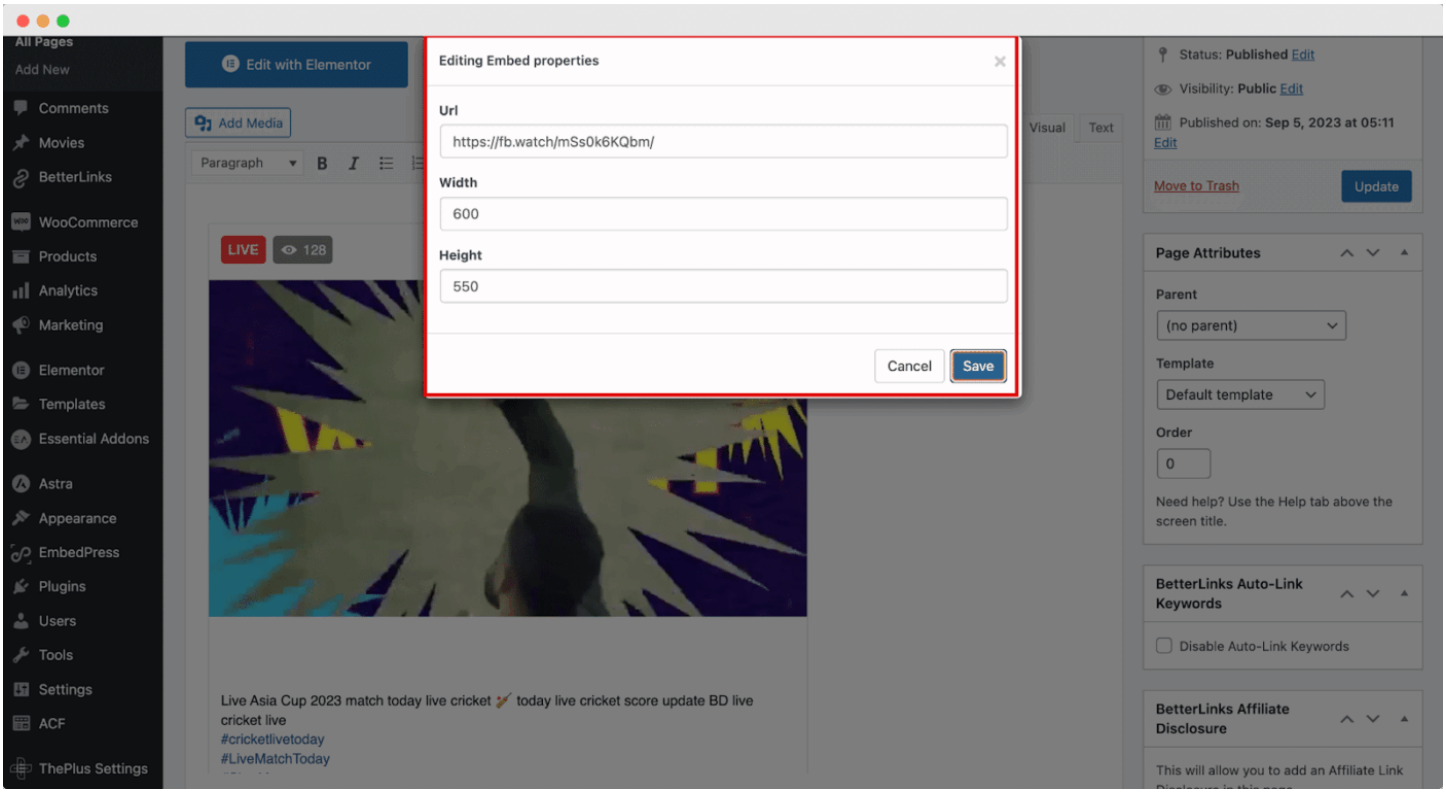

How To Embed Facebook Live Videos In Classic Editor?

You can also easily embed Facebook Live videos in Classic Editor. Simply copy the video URL and paste it into the editor. Publish the page, and your live video will be instantly embedded.

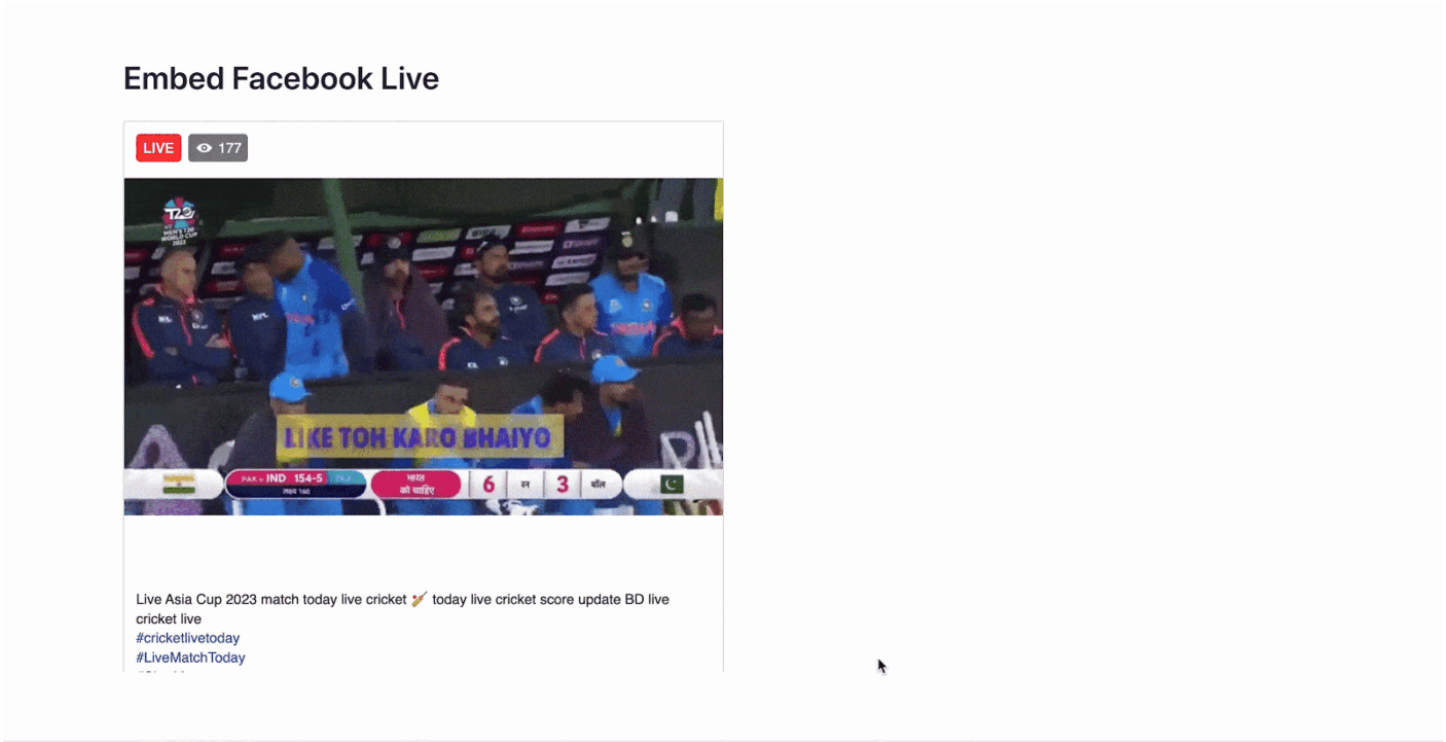

Click on the pencil icon to change the **Height** and **Width** of your Facebook live video.

Final Outcome
