How To Collect Your iHeartRadio podcasts URL?

To collect the podcast URL, visit the **iHeartRadio** website.

Click on the iHeartRadio podcasts you would like to embed in your WordPress website and copy the URL **from the address bar**.

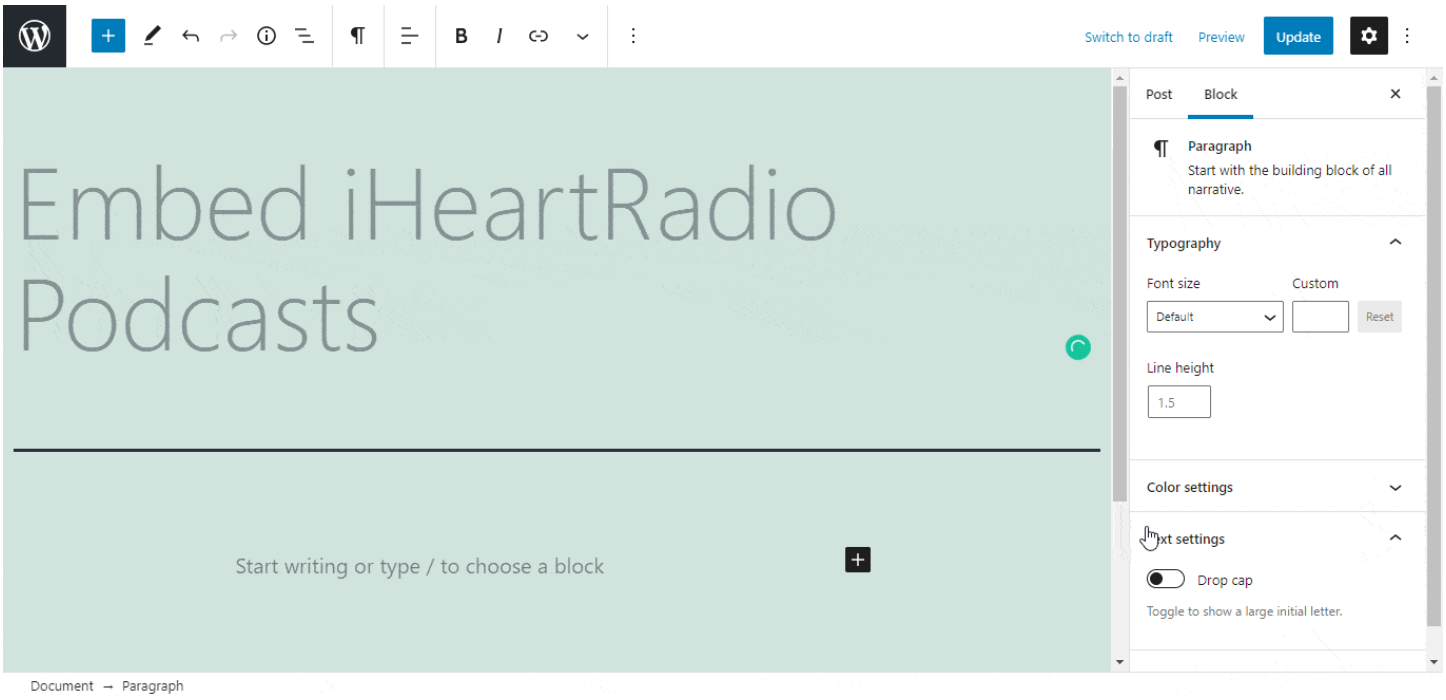

How To Embed iHeartRadio Podcasts Using Gutenberg?

EmbedPress comes with its own block for embedding any type of content using **Gutenberg Editor**. To embed iHeartRadio podcasts using Gutenberg, follow the steps below.

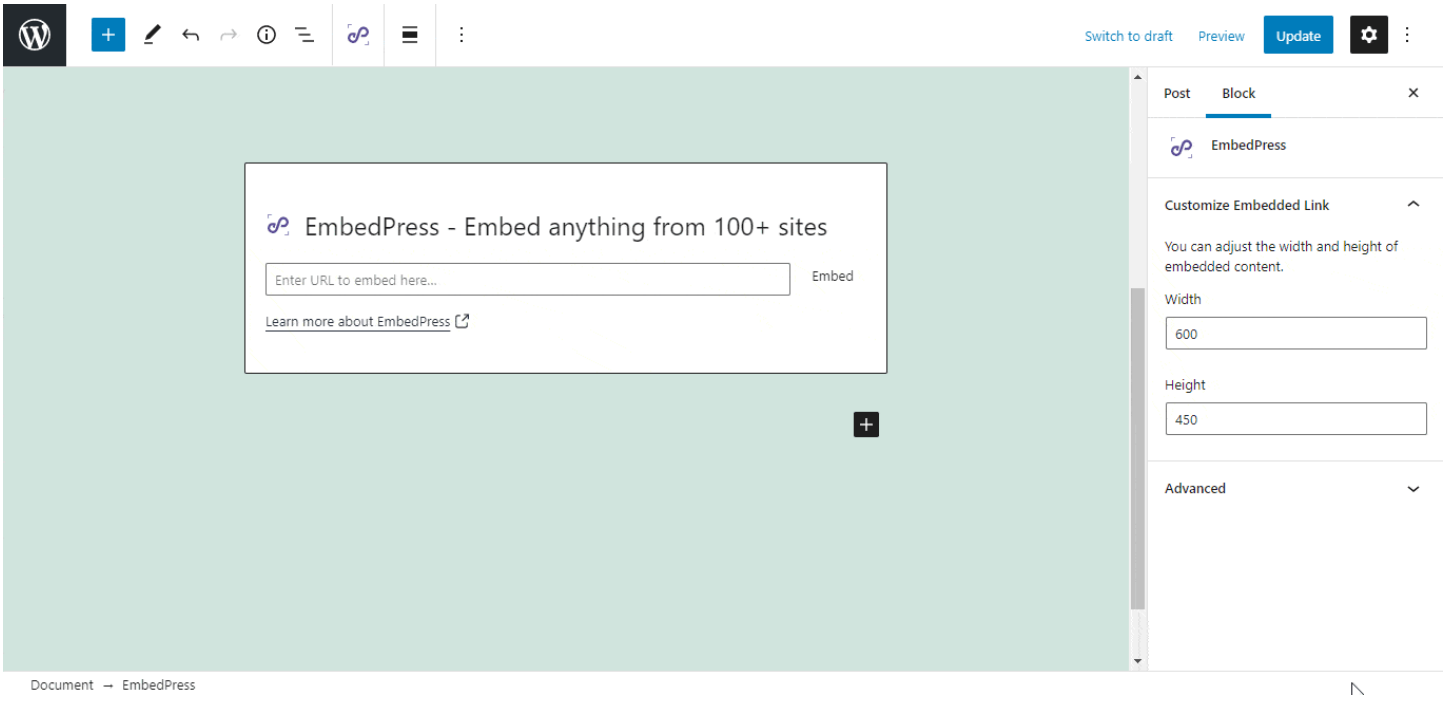

Step 1: Insert An EmbedPress Block

Click on the **'+'** icon on your post content area in the **Gutenberg editor** and select 'EmbedPress.' You can also insert EmbedPress from the '**Add Block**' button at the top of the page.

Step 2: Enter the URL into the block

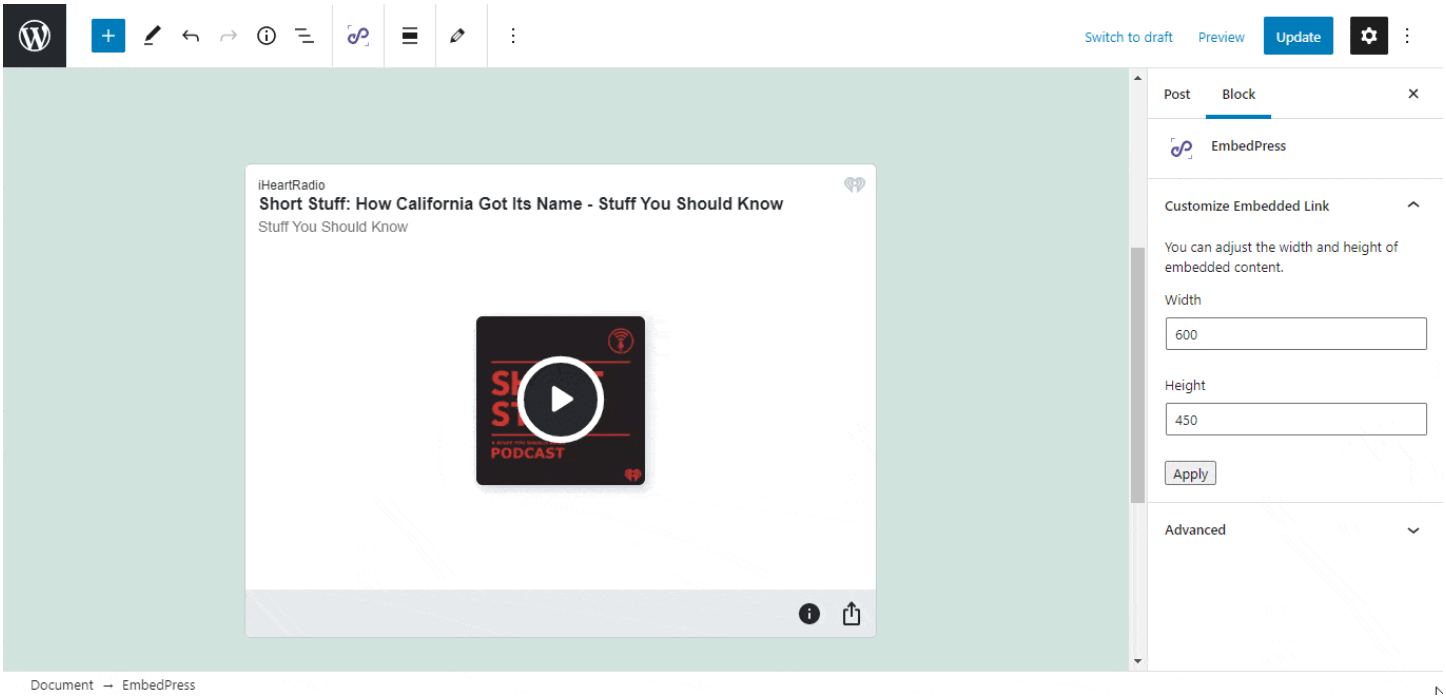

Now paste the collected **iHeartRadio podcasts URL** on the input field and click on the 'Embed' button. Your URL will automatically be transformed into an embed of your iHeartRadio podcast file.

Publish your WordPress content, and the iHeartRadio podcast file will be embedded on the published page or post for users to see.

Step 3: Edit Your Podcast Embed

To edit the embed on the Gutenberg editor, click on the EmbedPress block on your Gutenberg editor.

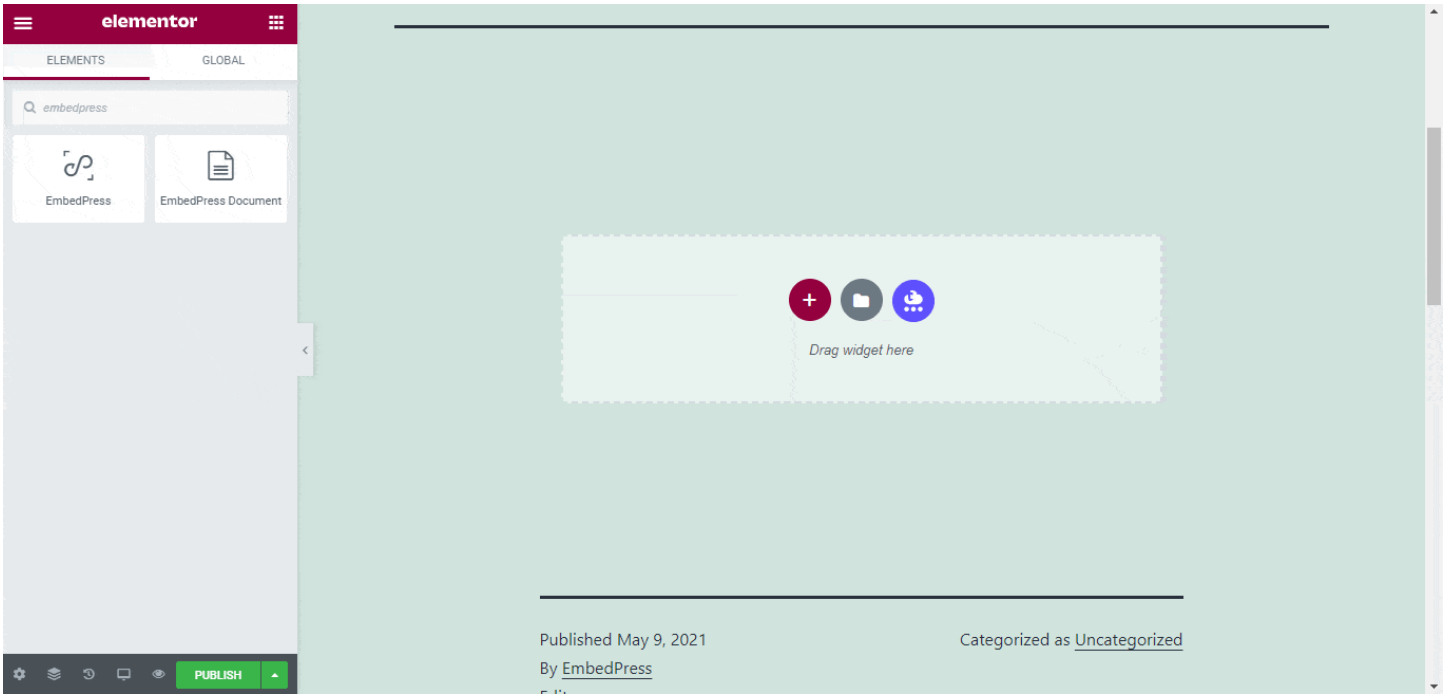

You can **change the dimensions** of the embedded podcast and modify it the way you need with absolute ease on the block customizer will appear on the side panel of the editor.

How To Embed iHeartRadio Podcasts Using Elementor Editor?

You can also effortlessly **embed iHeartRadio podcasts** using EmbedPress on the **Elementor Editor**.

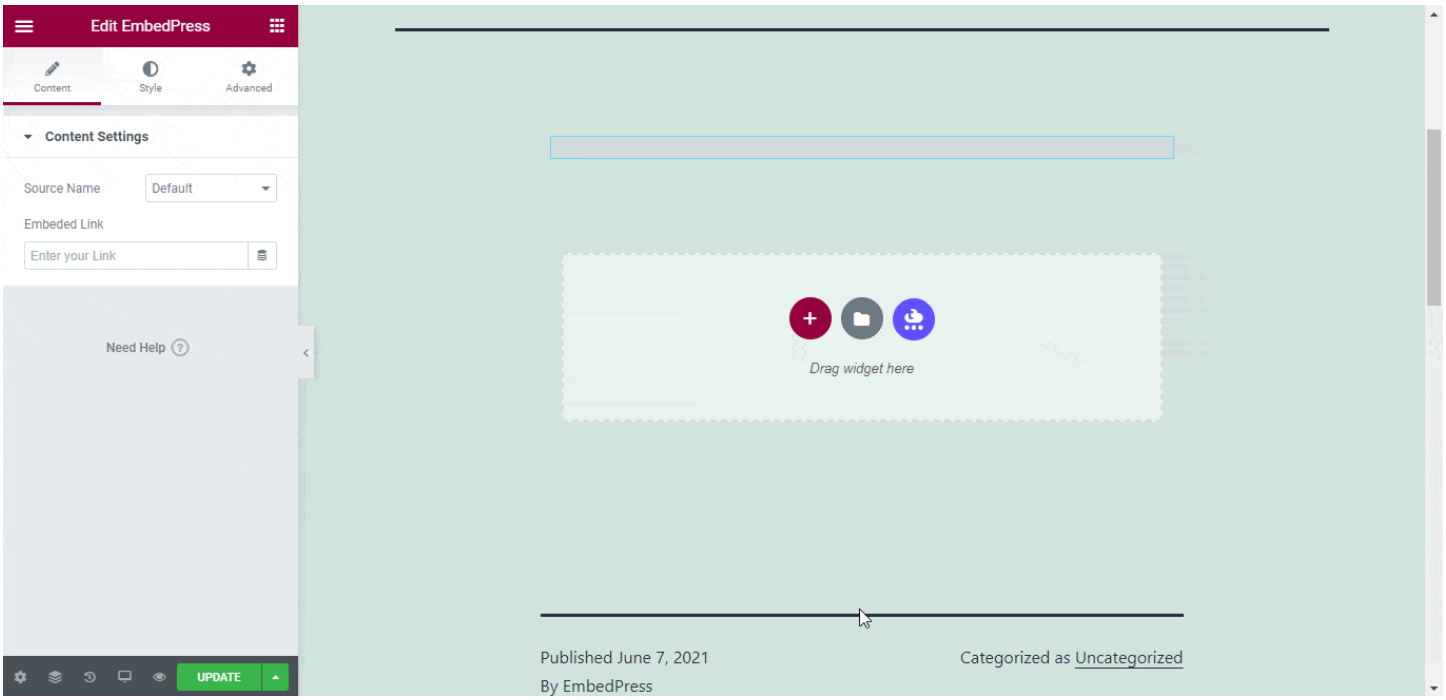

Step 1: Look For The EmbedPress Element

First, click on '**Edit with Elementor**' at the top of your page. It will take you to the Elementor editing panel. Search for the **EmbedPress** element on the widget panel and then drag and drop the element on your page.

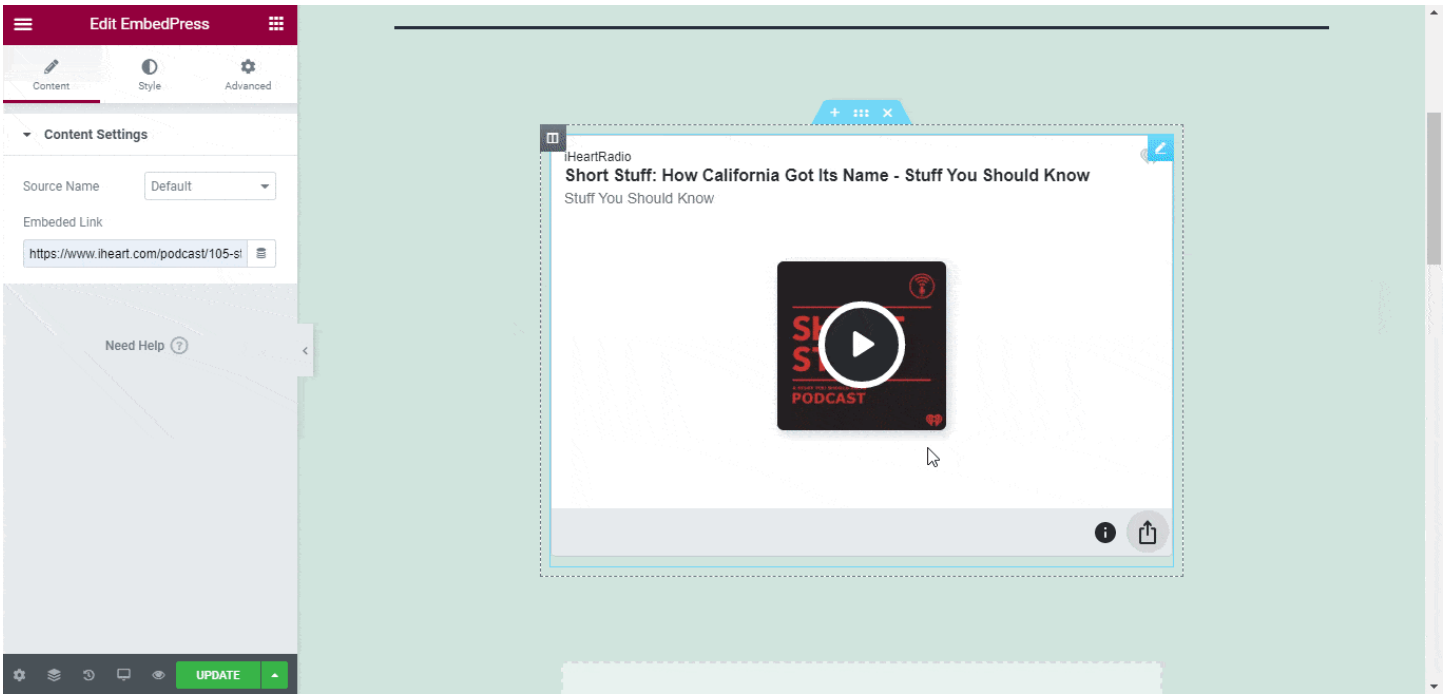

Step 2: Paste The URL In 'Content Settings'

Now, paste the iHeartRadio podcasts URL onto the '**Content Setting**' input field. Your embedded podcast will automatically be uploaded onto your Elementor editor. Publish your post or page, and your website users will be able to see the embedded content.

Step 3: Style Your Embedded Content

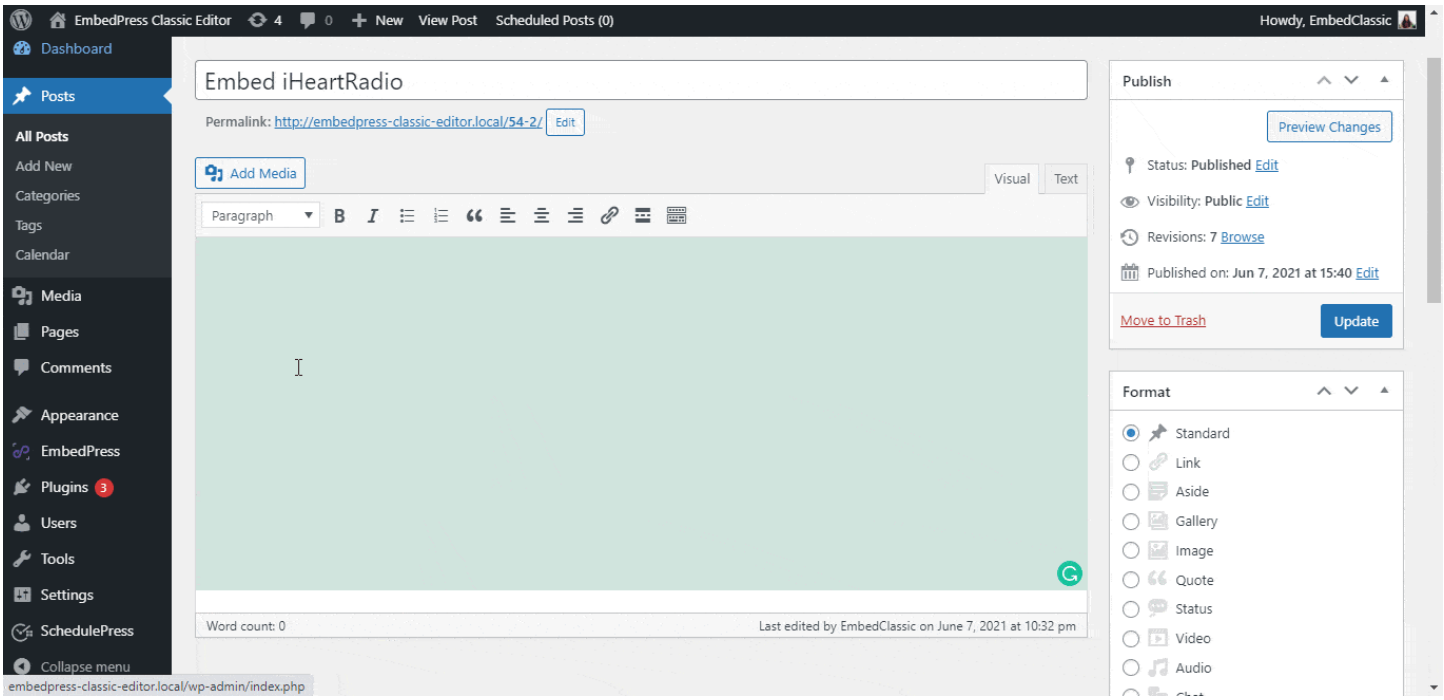

You can **edit the embedded podcast** on the Elementor editor with a few easy steps. First, go to the '**Style**' tab on the Elementor side panel. Here, you can change the dimensions, aspect ratios, and background color as necessary.

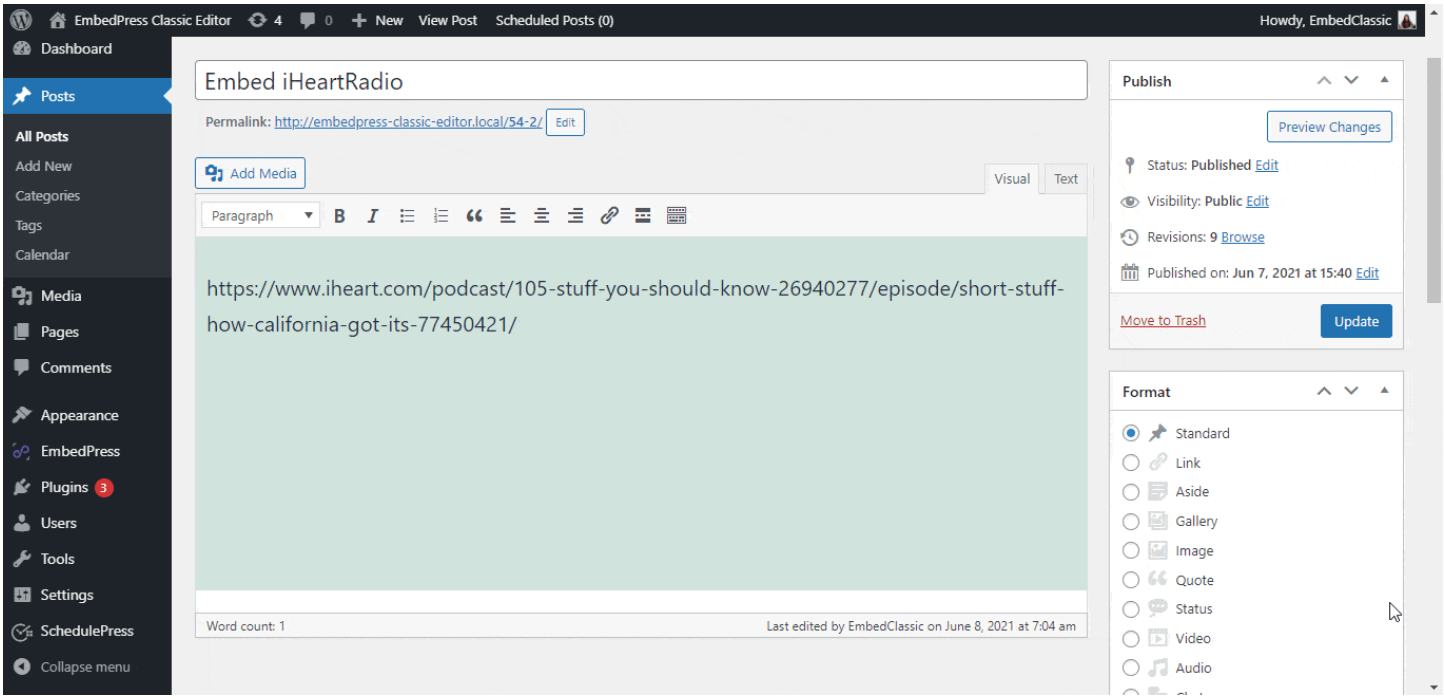

How To Embed iHeartRadio Podcasts On The Classic Editor?

You can effortlessly embed your podcast onto your **Classic Editor** with just a click.

Paste the URL directly onto the '**content area**' of the editor interface. A purple background with a "**Loading your embed...**" message will appear in the content area for a few seconds.

Publish and preview the post and the iHeartRadio podcast will automatically be embedded onto your WordPress website.

With these simple steps, you can embed iHeartRadio podcasts instantly into your WordPress website with **EmbedPress** using any of Gutenberg Editor, Classic Editor, or Elementor Editor.
