# How To Embed Music Box Maniacs Melodies In WordPress

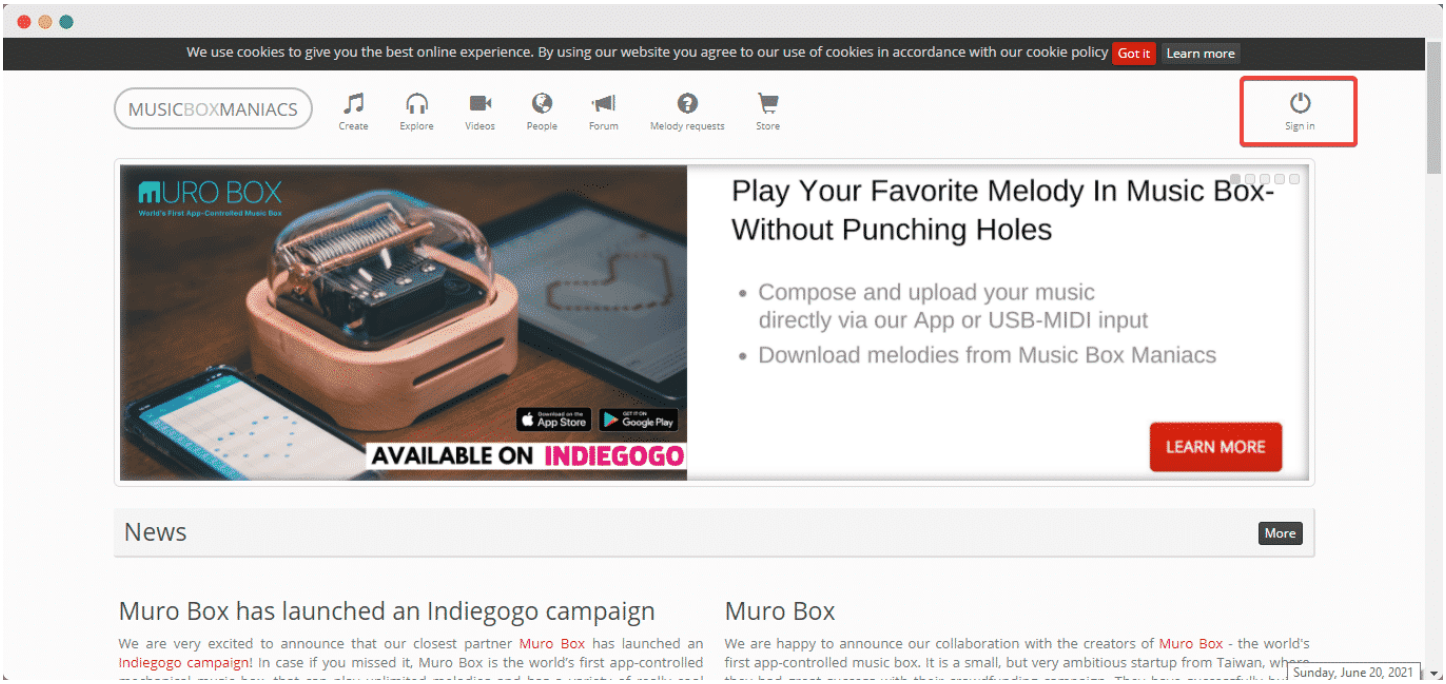

Embed Sources · https://embedpress.com/docs/how-to-embed-music-box-maniacs-melodies-in-wordpress/

**Music Box Maniacs** is an online melody editor platform that enables you to compose and listen to custom music box melodies. **EmbedPress** helps you to **embed Music Box Maniacs melodies** effortlessly in your WordPress favorite editors - **Gutenberg Editor**, **Classic Editor,** or **Elementor Editor** without coding. All you need is the audio URL and you can instantly embed the content making your website more interactive and engaging.

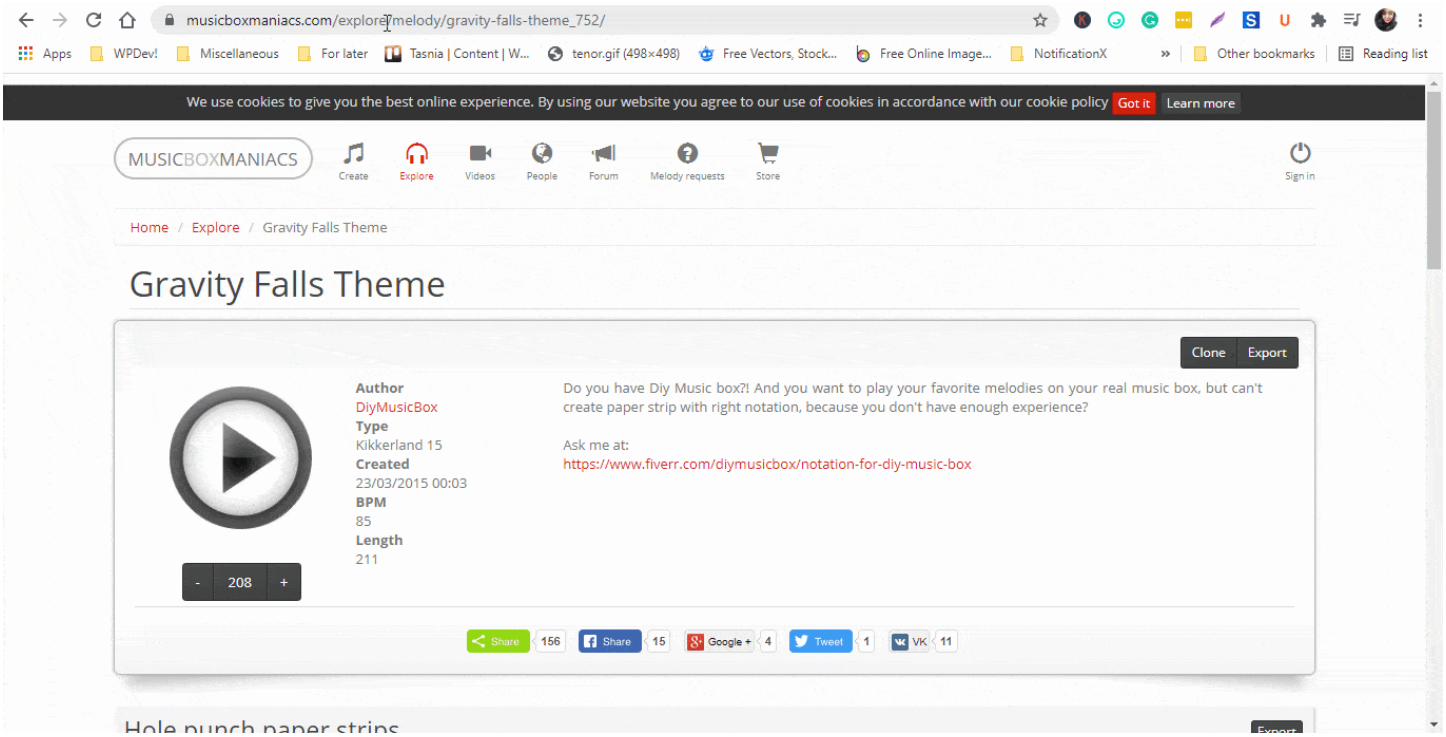

Here's how to **embed Music Box Maniacs melodies** into your WordPress site, using this **EmbedPress plugin** following some simple easy steps.

## How To Collect Your Music Box Maniac Melody URL?

To collect the melody URL, visit the **Music Box Maniacs** website. You can sign in to your account using your login credentials (optional) or simply browse through the music library.

**Click on the music box melody** that you want to embed in your WordPress website and copy the URL from the browser search bar as shown below.

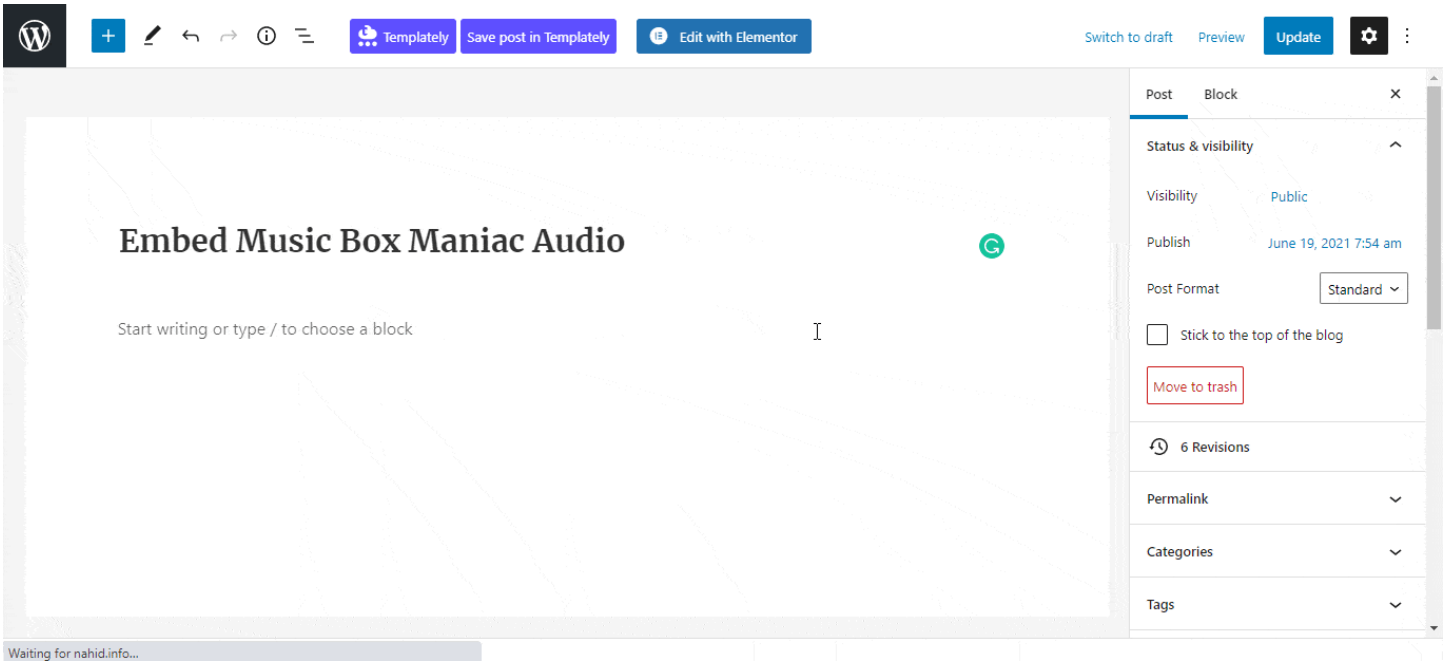

## How To Embed Music Box Manics Melodies In Gutenberg Editor?

**EmbedPress** comes with its own block for embedding any type of content using the **Gutenberg editor**. To embed Music Box Maniacs melodies in your favorite Gutenberg editor, follow the steps below.

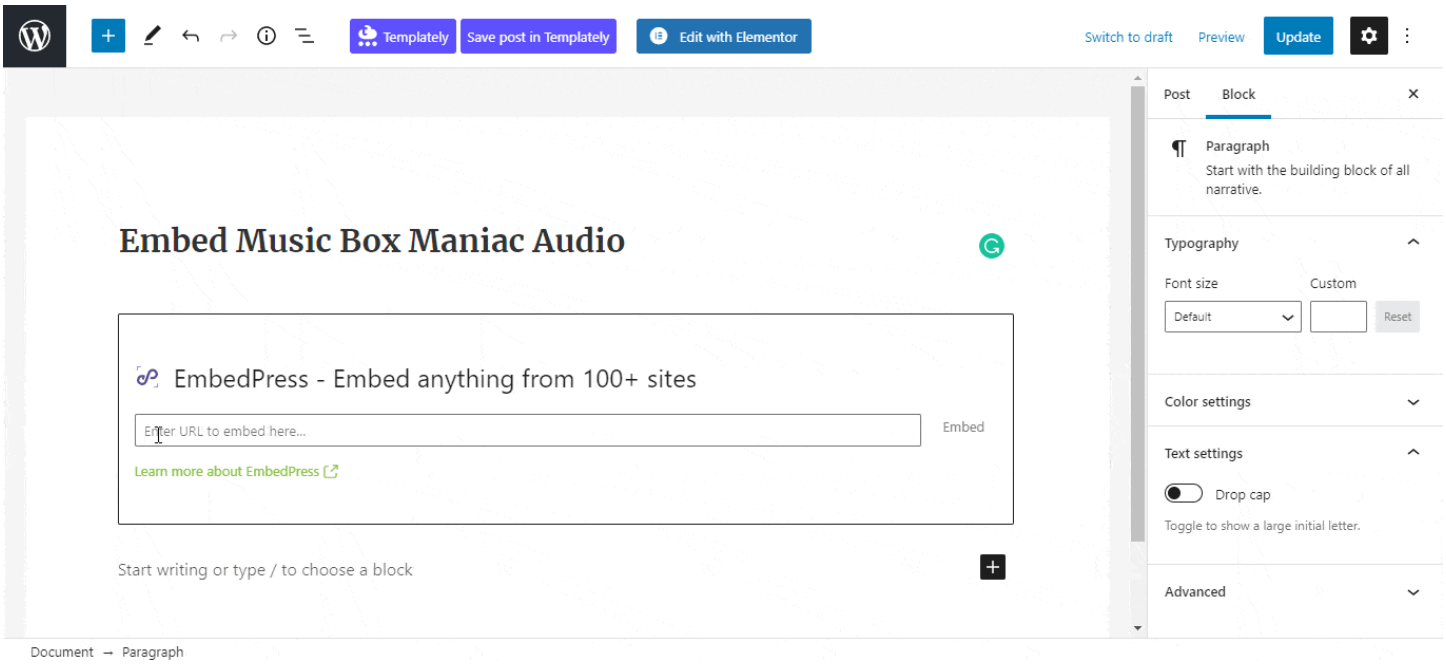

### Step 1: Insert An EmbedPress Block

Click on the **'+'** icon on your post content area in the **Gutenberg editor** and select 'EmbedPress.' You can also insert EmbedPress from the '**Add Block**' button at the top of the page.

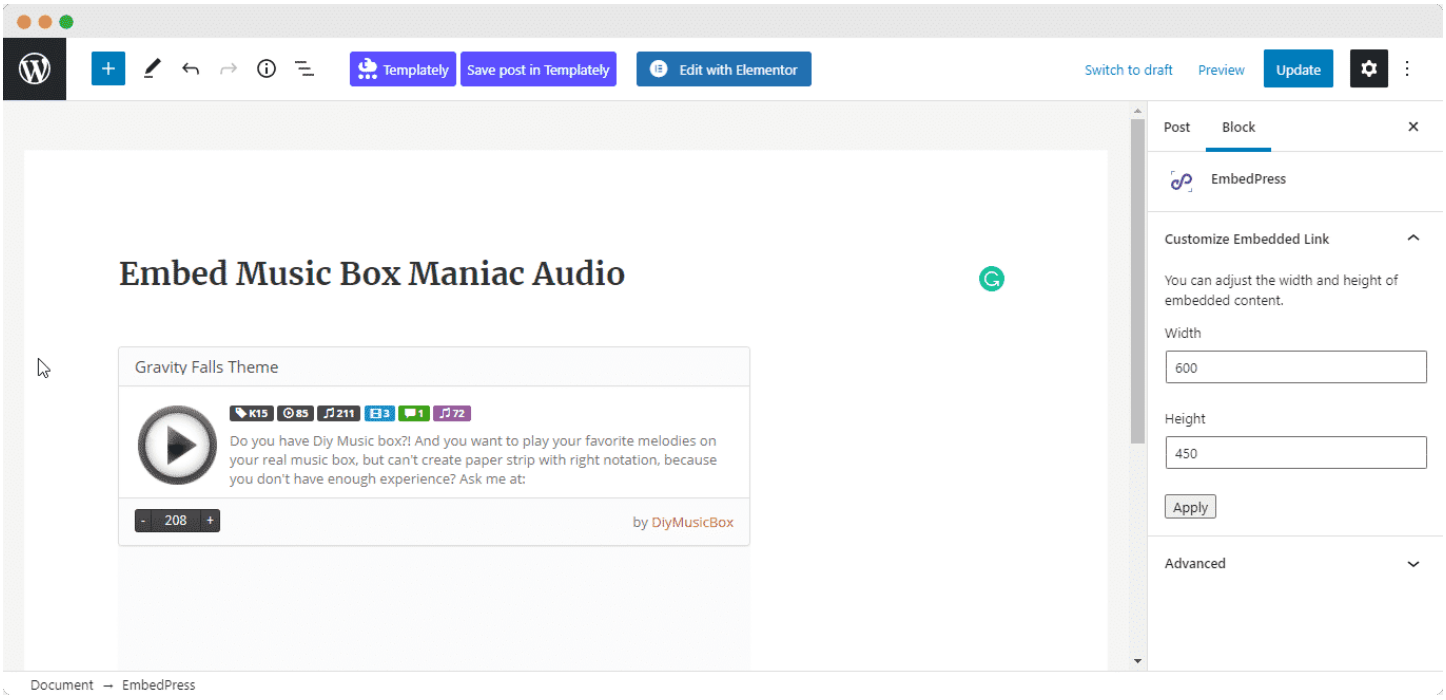

## Step 2: Enter the URL Into The Block

Now paste the collected melody URL onto the input field and click on the '**Embed**' button. Your URL will automatically be transformed into an embed of your music box melody.

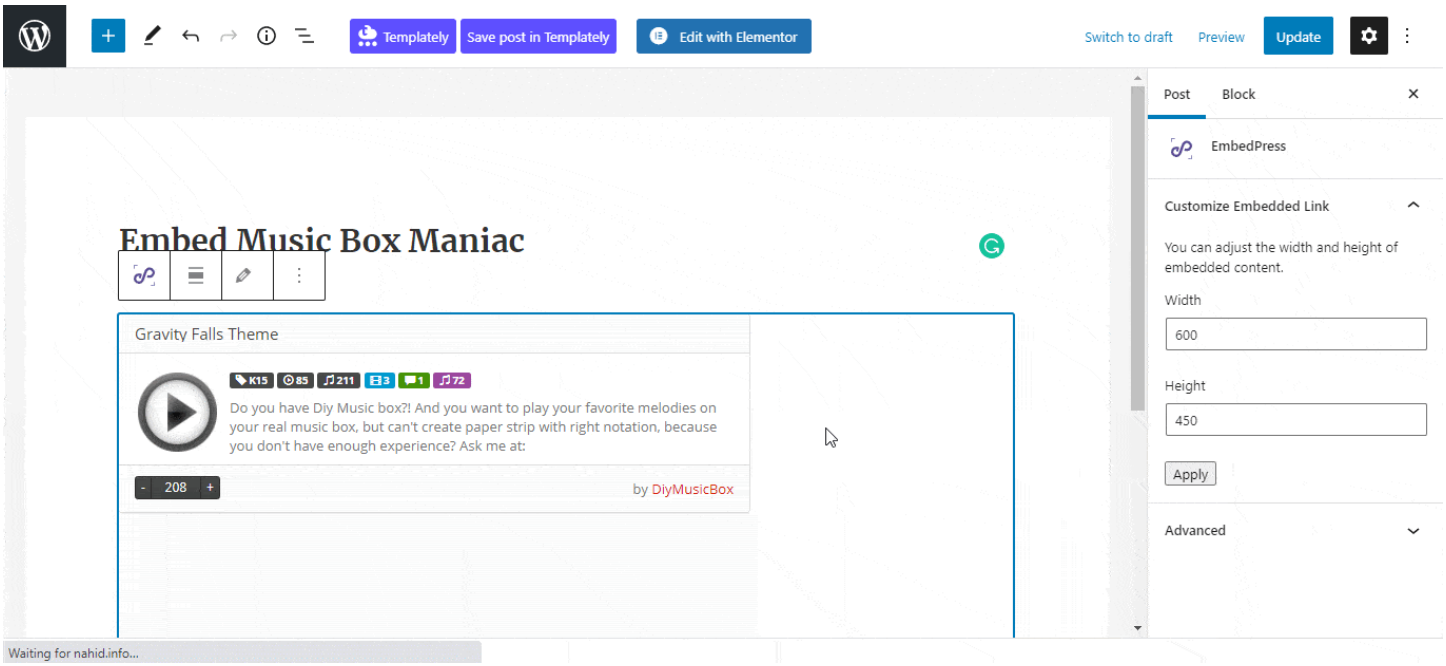

Afterward, **publish** your WordPress content, and the Music Box Manics audio file will be embedded on your published page or post for users to see.

## Step 3: Edit Your Music Embed

To **edit the melody embedded** on the Gutenberg editor, click on the **EmbedPress 'Block'** on your Gutenberg editor.

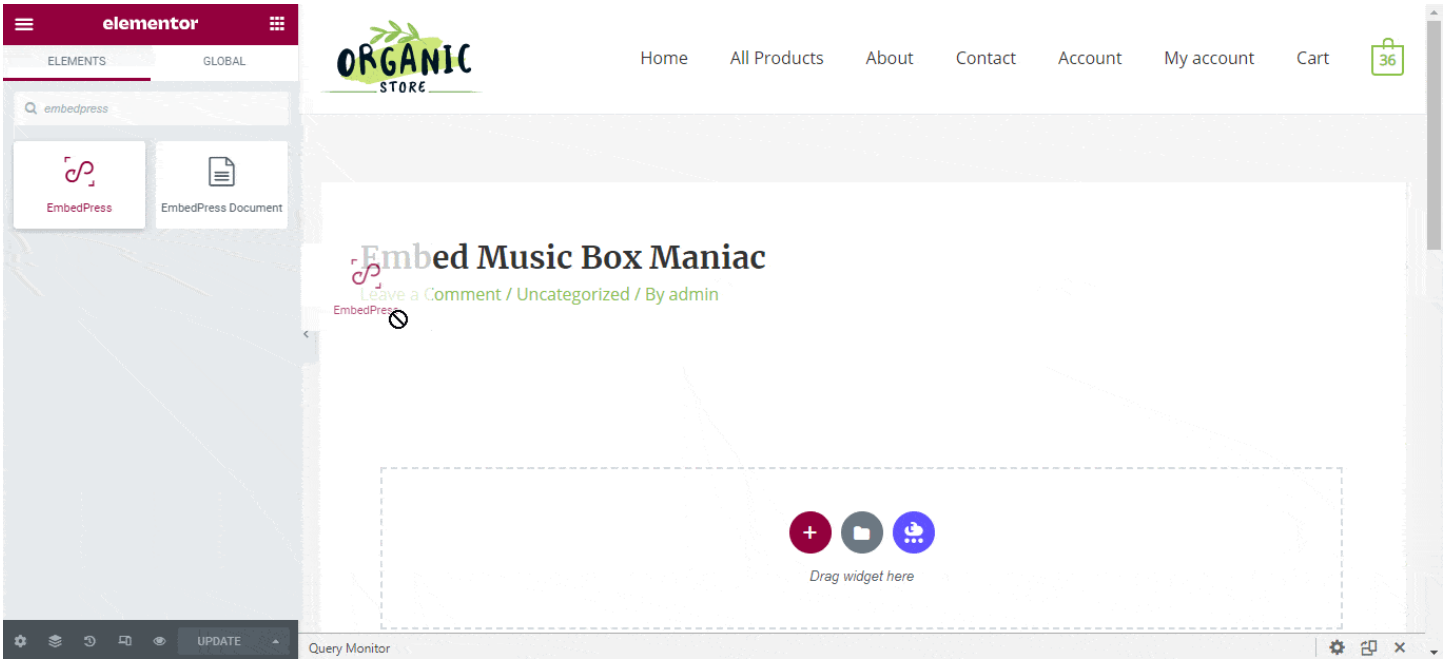

You can change the **dimensions of your embedded melody content** from there and modify it the way you need with absolute ease on the block customizer. That appears on the side panel of the Gutenberg Editor.

## How To Embed Music Box Maniacs Melody In Elementor Editor?

You can embed Music Box Maniacs melodies by using EmbedPress on the **Elementor editor**. First, click on '**Edit with Elementor**' at the top of your page or post. It will take you to the Elementor editing panel.

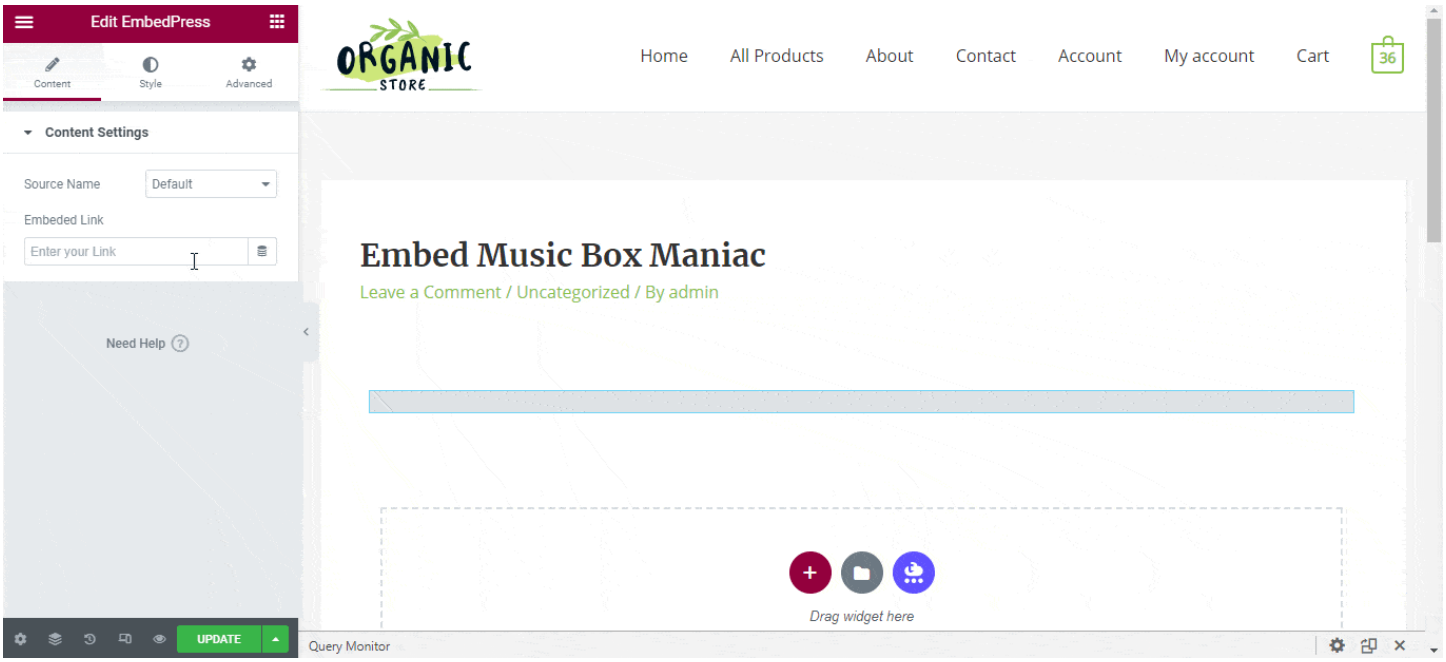

### Step 1: Search & Insert The Widget

Search for the **EmbedPress** element on the widget panel and then **drag & drop the** '**EmbedPress**' widget onto the editor interface, as shown below.

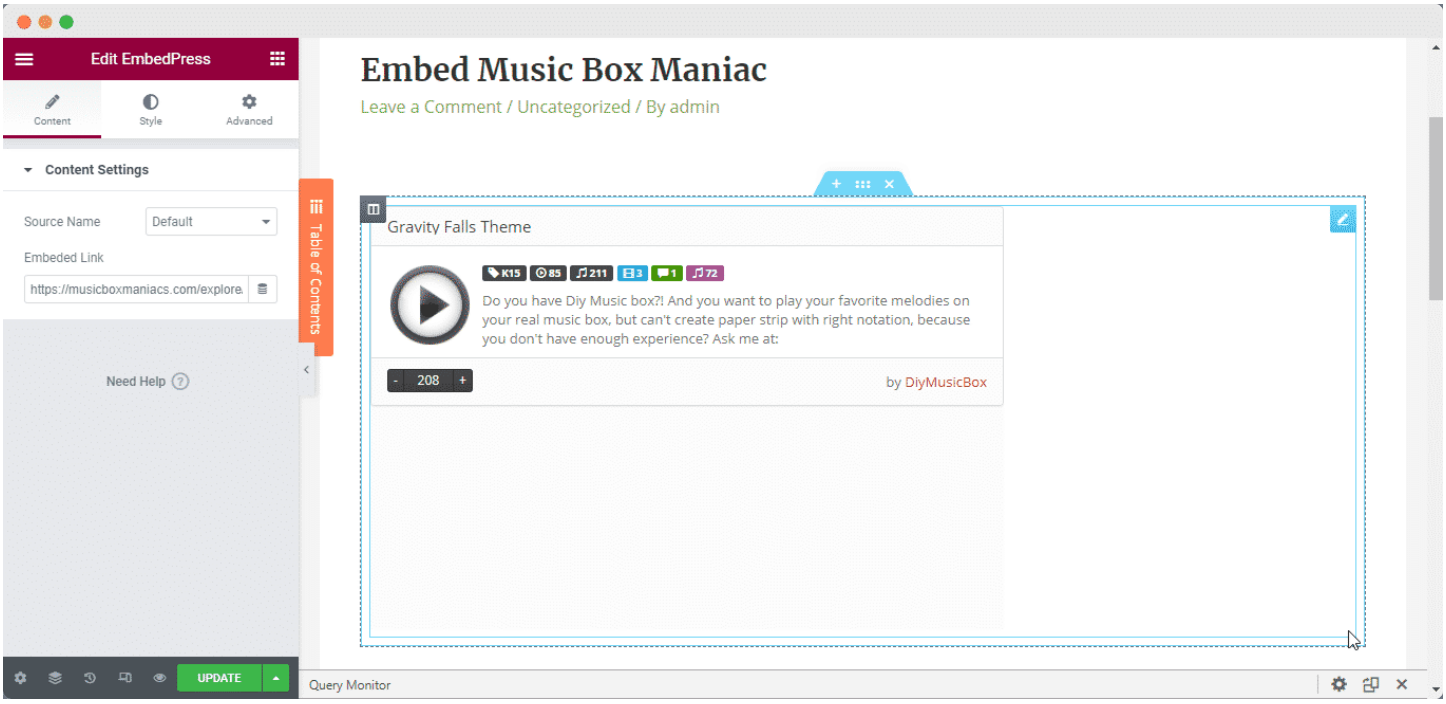

### Step 2: Paste The URL In 'Content Settings'

Afterward, paste the audio link onto the '**Content Settings**' input field. Your embedded audio will automatically be uploaded onto your Elementor editor.

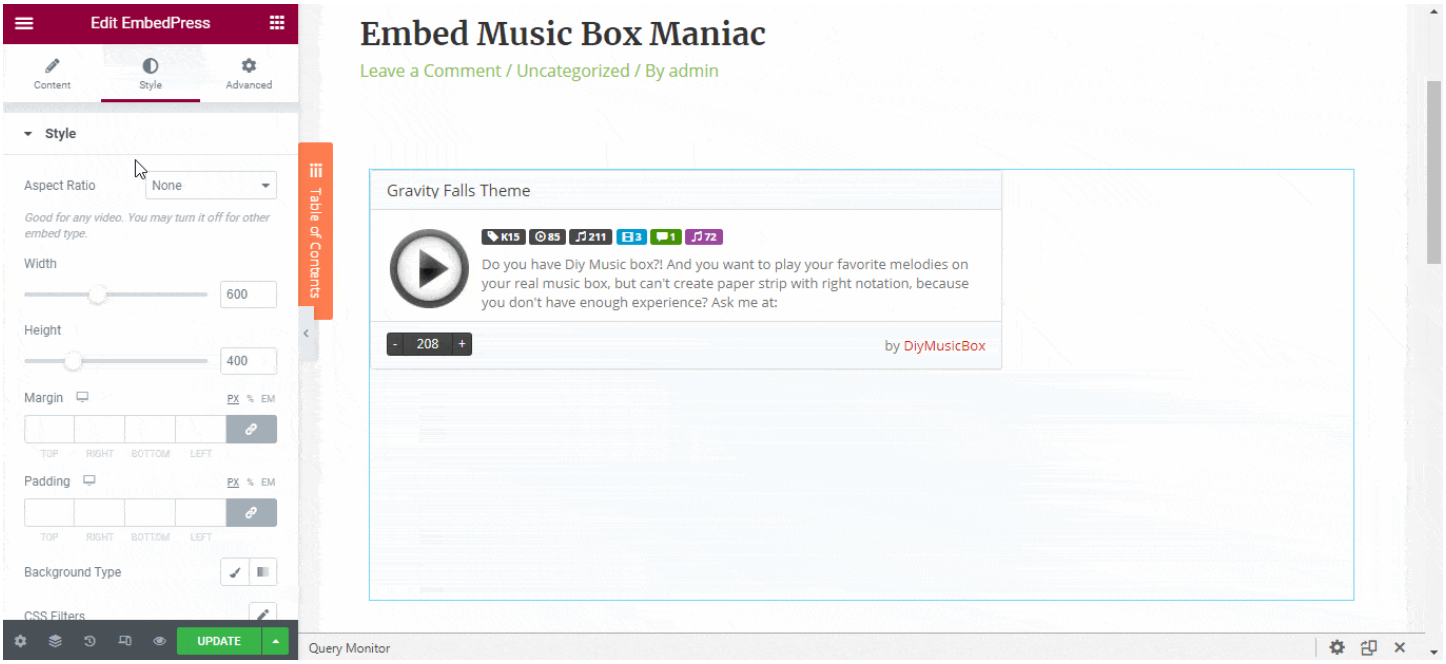

**Publish your post or page**, and your website users will be able to see the embedded content.

## Step 3: Style Your Embedded Content

You can edit the embedded melody files on the Elementor editor with a few easy steps. First, go to the '**Style**' tab on the Elementor side panel. Here, you can change the dimensions, aspect ratios, and background color of the Music Box Maniac melodies as necessary.

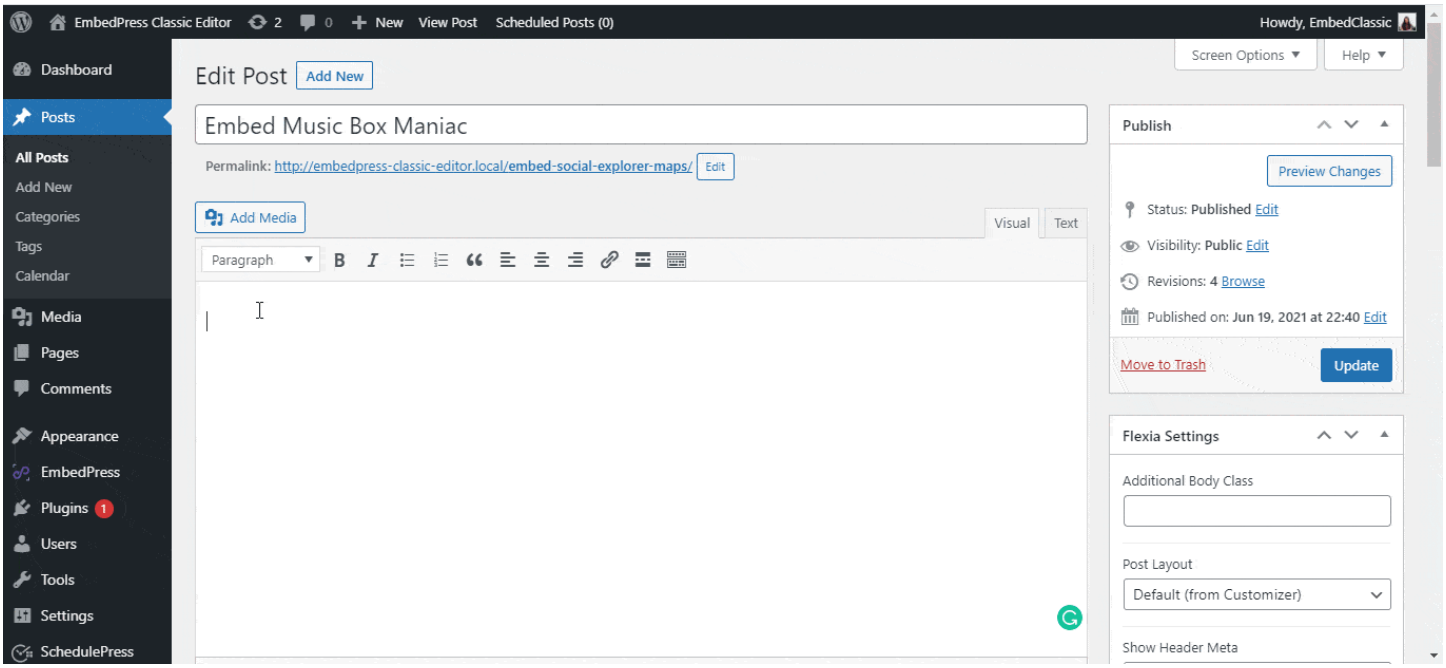

## How To Embed Music Box Maniacs Melodies In Classic Editor?

You can effortlessly **embed Music Box Maniac melodies** onto your **Classic editor** with just a few clicks.

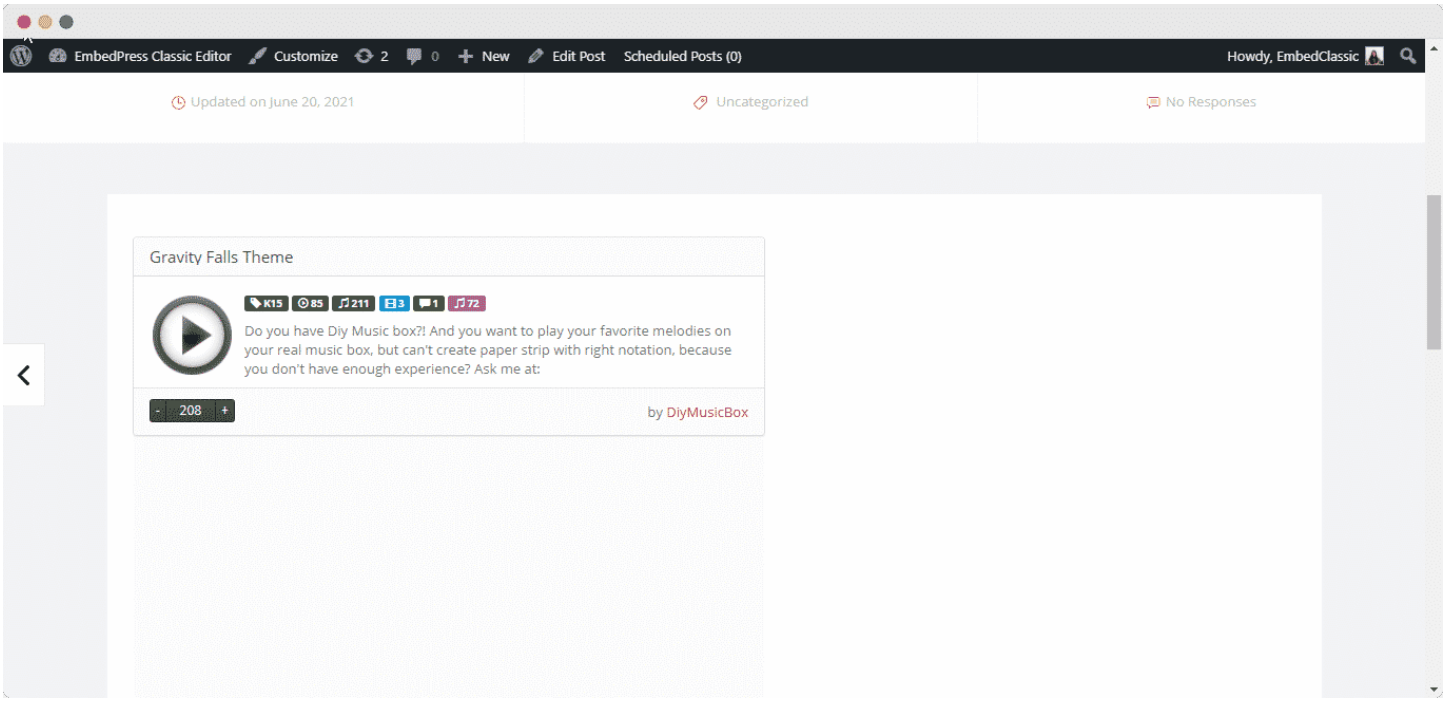

### Step 1: Paste The Link On Classic Editor

Paste the URL directly onto the '**content area**' of your Classic editor interface. The URL will be automatically converted into an embed of your Music Box Maniac melodies.

## Step 2: Publish The Embedded Content

**Publish and preview** the post or page, and your users will be able to view and listen to your Spotify music.

With these simple steps, you can **embed Music Box Maniacs melodies** instantly into your WordPress website with **EmbedPress** using any of Gutenberg Editor, Classic Editor, or Elementor Editor.
