To Install & Activate the **free version** of **EmbedPress**, follow the steps below:

Step 1: Go to your WordPress dashboard

Step 2: Navigate to **'Plugin'** from the left menu or sidebar

Step 3: Click on '**Add New**' plugins

Step 4: Then search for **'EmbedPress'** and install the free version. Once you have installed it, click again to activate the plugin.

Alternatively, you can download EmbedPress **from WordPress.org** and manually upload it to install the plugin onto your WordPress website.

For advanced functionality, check out **EmbedPress PRO** and make your website more interactive than ever before.
